

STATE TORNADO CAUSES BIG DAMAGE

DEFEAT MADISON "RING", WILCOX APPEAL

STATE MONEY GOES TO ARMY OF HENCHMEN

Republican Candidate for U. S. Senate Tells Taxpayers Why Taxes Are High

SUPPORT FOR COOLIDGE

Eau Claire Man Tells Big Crowd He Is for World Court and Government Economy

Centering his attack upon the "Madison ring" which has constantly increased state taxes while national taxes have decreased, Roy P. Wilcox, choice of the Republican convention at Oshkosh for candidate to the United States senate to succeed the late Robert M. La Follette, Wednesday evening presented his issue to approximately 800 persons in Armory G. It was the largest political gathering of the campaign in Appleton.

Mr. Wilcox arrived at the hall at 8:30 after he returned from Apple Creek where he addressed an enthusiastic audience at 7:30. He had also delivered talks at Combined Locks, Kimberly and Little Chute earlier in the day. He was accompanied on his tour of the county by J. D. Steele, chairman of the Outagamie-co Republican club, who presided at the meeting Wednesday evening and introduced Mr. Wilcox.

The speaker soon launched into a denunciation of the "Madison ring," declaring that the power which the ring held was the 5,800 names on the state pay-roll.

ARMY OF DEPARTMENTS

"With an army of this size, depending upon the state for employment, it is not difficult to understand why every whim of the administration is realized," he said. "When the families, friends and relatives of 5,800 persons are ready to obey the whims of the administration, it results in a following to be reckoned with."

He mentioned the boast of the state treasurer last year of the large surplus in the treasury and told how the state disposed of the money. The state, he explained, places this money in hundreds of banks throughout Wisconsin that pay 3 per cent interest. The banks in turn loan the money back to the taxpayers, from where the money originated, at an interest of from 6 to 10 per cent. Thus Wisconsin taxpayers are borrowing their own money and paying a high rate of interest for it.

"This condition has been going on for the past 25 years," he continued, "and it is time a united effort is made to call a halt. I would much prefer to have the indorsement of the 1,400 sober thinking people who attended the convention at Oshkosh than to be the choice of the few politicians who conduct their conferences behind closed doors at Madison."

FAVORS WORLD COURT

Although devoting the greater part of his address to state topics, he dwelt at some length on national issues. He pledged his support to the world court and declared himself in favor of holding the allies to the payment of their debts and a reasonable rate of interest.

"I will support any plan providing for the United States entering the League of Nations," he said.

Government's Oil Cases Side Tracked, Not Dead

BY DAVID LAWRENCE

Copyright, 1925, by the Post Pub. Co., Washington, D. C.—(AP)—What has become of the Teapot Dome and Sinclair oil cases, the indictments against Doheny, Fall and the others who figured so sensationally in the headlines of nearly two years ago? Has the statute of limitations begun to run or have the cases been dropped?

Inquiry at the department of justice reveals the fact that the government is absolutely confident of winning virtually all its cases and that decisions are expected by next spring at the latest. Also the statute of limitations will not enable any of the defendants to escape as the suits were all brought within the time limit and therefore the delays of litigation itself do not count. Here is the status of the various cases to date:

1.—The Mammoth Oil company (Sinclair) case involves Teapot Dome leases. It was tried in the lower court at Cheyenne and won by the defendants. The government was unable to produce the witnesses to support charges of fraud as the witnesses were in Canada and it was not possible to get their depositions in time. The government has appealed the case and it will be tried either at Denver or at St. Paul or St. Louis within the next few months.

2.—The Pan-American Petroleum company case was tried before the federal court in Los Angeles and won by the government. The defendants have appealed and the case will be tried soon in San Francisco.

3.—The Belridge Oil company case was an effort to cancel a lease for naval reserve No. 1, in California. The point at issue was whether the transfer of authority from the navy to the interior department was valid. The district court of southern California, under Judge Sheppard ruled for the government and the lease was valid and ordered the government's plea dismissed. Appeal has been taken by the government to the circuit court of appeals and the case probably will be tried soon in San Francisco.

4.—The Pan-American Petroleum company case involves virtually the same points as case No. 2 above, but covers a different section of the oil reserve. The court in Los Angeles has indicated a desire to await the outcome of the appeal taken by the defendants in case No. 2 before permitting trial as the decision will be of guidance.

5.—The case against Albert Fall, Edward Doheny, Harry Sinclair and others is a criminal proceeding under the statutes covering conspiracy to defraud. Indictments were quashed on the ground that a member of the department of justice was in the grand jury room. The government promptly secured new indictments and the case is pending before the supreme court of the District of Columbia. An appeal could be taken to the district court of appeals but this usually is the court of last resort unless by a writ of certiorari—a rare happening—there is an opportunity to get the matter before the supreme court of the United States. The docket of the district court here is crowded and there is no telling when the criminal cases will be tried. There is reason to believe they will come up, however, before another year passes.

NOVEL WEATHER FORECAST URGED

Meteorologists Consider Plan to Foresee Seasonal Dry and Wet Periods

Northfield, Minn.—(AP)—Meteorologists would be able to forecast seasonal weather changes accurately, telling when dry crop periods or snowy winters are coming, under a plan taken before the American Astronomical society convention here Thursday.

The plan as presented by Prof. Oliver J. Lee, of Yerkes observatory, Williams Bay, Wis., provides for indexing the solar system whereby the scientists and weather observers may exchange information as to the sun's appearance on certain days and its relation to prevailing weather conditions.

This, they believe, would enable them to prepare information charts showing total areas of sun spots, the number of solar prominences, the areas of excessive heat, magnetic fluctuations of the sun and measurements of the sun's total radiation.

This is believed to comprise the first definite step to establish the improved and extended system of weather forecasting.

The opinion, however, of Captain Anton Heinen, dirigible construction engineer, that reduction of the number of escape valves made the Shenandoah unsafe is one of the questions that will be inquired into in a forthcoming congressional investigation of the disaster announced by Chairman Butler of the house naval affairs committee. Captain Heinen will be called to testify before the committee. The committee, Chairman Butler said, also will investigate the attack of Colonel William Mitchell on the administration of the air services in which he included the assertion that politics had dictated the Shenandoah flight as an effort to offset failure of the navy's Arctic and Hawaiian flights.

FIND POSSIBLE CLEWS TO FATE OF BIRDMEN

Honolulu—(AP)—Two aviators' coats found on the Kaunakakai beach seven miles from Hilo, Thursday gave hope of a clue to the fate of the crew of the missing seaplane PN-3, No. 1, which dropped from sight with a crew of five men on Sept. 1 in mid-Pacific. The plane was on a non-stop flight to Honolulu and indicated in radio messages that her fuel supply was low and she might be forced down into a stormy sea.

Authorities were also investigating a report sent to the "Advertiser" from its Hilo correspondent which said: "Two Knopk life preserving packets marked 'U. S. Navy' were found last night on the beach at Lelelei point, ten miles south of Hilo."

HIGH SHOES FOR FAIR SEX, PINK ONES FOR MEN, FASHION RULES

London—(AP)—High shoes for women, after banishment for eleven years will be in fashion in London this winter.

The shoe will not be the plain black and tan ones of years ago but will be highly colored leathers and snake and crocodile skins.

Jeweled and other fancy heels will add a piquant touch to them.

Men's foot wear also will undergo some radical changes—green, red, blue and brown—to match the clothing worn. Also the heels will be higher than usual.

MAY PUNISH

Maj. Gen. John L. Hines, (above) chief of staff, who is making an investigation of Col. Billy Mitchell's sensational charges against the army and navy air services. Maj. Gen. Eli A. Helmick, (below) inspector general of the army, who will make a recommendation as to whether Mitchell should be disciplined.

NAVAL AFFAIRS BOARD TO TAKE UP AIR CHARGES

House Committee Also to Investigate Lack of Shenandoah Escape Valves

Washington—(AP)—Criticism and report continue in the wake of Shenandoah disaster as the reviewed air service controversy stirs up more interest in congressional circles.

Secretary Wilbur in a formal statement issued to correct "certain misleading assertions," said that there was nothing whatever "political" in connection with the Shenandoah flight. In that flight as well as that of the lost seaplane PN-3, No. 1, the commanding officers, he says, were given entire freedom in selecting the time of the flights and were confident of their success.

Also, he regards as entirely disproven the theory that the reduction in the number of escape valves might have contributed to the Shenandoah collapse.

The opinion, however, of Captain Anton Heinen, dirigible construction engineer, that reduction of the number of escape valves made the Shenandoah unsafe is one of the questions that will be inquired into in a forthcoming congressional investigation of the disaster announced by Chairman Butler of the house naval affairs committee. Captain Heinen will be called to testify before the committee. The committee, Chairman Butler said, also will investigate the attack of Colonel William Mitchell on the administration of the air services in which he included the assertion that politics had dictated the Shenandoah flight as an effort to offset failure of the navy's Arctic and Hawaiian flights.

BEAN SLATED TO TAKE JOB OF HOTCHKISS

Assistant Considered for Geologist and Member of Highway Commission

Madison—(AP)—A state geologist to succeed W. O. Hotchkiss, who leaves soon to become president of the Michigan College of Mines, probably will be chosen at a meeting of the state geological survey commission here Friday. John Callahan, superintendent of public instruction, said.

An organization meeting of the commission has been called for Friday, Mr. Callahan said. Dr. Glenn Frank, the new president of the University of Wisconsin, is expected to attend the meeting as ex-officio member, succeeding Dr. E. A. Birge, the retiring president. Other members of the commission are Governor Blaine, Prof. L. J. Cole of the state university and Mr. Callahan.

It was reported unofficially that E. F. Bean, assistant state geologist, is favored for advancement to the post vacated by Dr. Hotchkiss. Mr. Bean has been active in the geological survey, and is regarded as familiar with the work. Studies of the rocks of the state with reference to ores, building stones, road materials, lime, clay products and other mineral resources; the soils; plants, animal life, with special reference to fish, their distribution, food and enemies, the physical geography of the state, to be prepared in suitable form for school manuals, and water power, comprise the function of the geological survey.

Dr. Hotchkiss' successor also will become an ex-officio member of the state highway commission, in the creation of which Dr. Hotchkiss was instrumental. Several unsuccessful attempts were made during the last legislative session to change the personnel of the commission, as a result of which the power of the ex-officio members would have been curtailed. The efforts were attributed to differences between Governor Blaine and Dr. Hotchkiss.

Dr. Frank, Superintendent Callahan and Professor Cole expect to be present at the meeting Friday, but Governor Blaine is scheduled to be in Green Bay to deliver a political address.

STATE DEMOCRATS MEET IN MILWAUKEE FRIDAY

Milwaukee—(AP)—Advance registrations here indicate that a large number of party leaders, county chairmen, members of the state committee and others will attend the reception and banquet here Friday night. Representative William A. Oldfield, Arkansas, chairman of the national Democratic committee, will be guest of honor and will deliver an address. Approximately persons are expected at the meeting.

It is probable that Mr. Oldfield will devote most of his address to the general political situation in the nation and to state organization rather than to the senatorial campaign now being waged in Wisconsin. Mr. Callahan said.

Mr. Oldfield will arrive in Milwaukee from Minnesota Friday morning, and will leave Saturday for Kansas City.

ZIMMERMAN ASKS HELP IN HALTING CAR THEFTS

Milwaukee—(AP)—Fred Zimmerman, secretary of state, addressed 200 Milwaukee automobile dealers at their annual picnic here Wednesday. The secretary of state urged that all stolen cars be reported to his office at once. He is required by law to make a list of all stolen cars at once and send it to the several sheriffs in the state each month. By exchanging this list with other states which have a like law, much will be done to reduce illegal traffic in cars, he said.

WHAT'S HAPPENING TO WISCONSIN?

Thilmany Pulp and Paper Co. Builds Mill in Illinois Because It Is Reluctant to Invite Labor to Wisconsin

(Editors Note: This is the ninth of a series of articles by R. A. Kennedy, staff representative of the Post-Crescent, on the effects of the present tax policy on Wisconsin industries. The tenth of this series will appear tomorrow.)

Kaukauna, Wis.—The removal of the bag plant of the Thilmany Pulp and Paper company, of this city, to Waukegan, Ill., was prompted primarily because of the reluctance of the company to invite labor to come to Kaukauna, according to Mr. M. A. Wertheimer, of New York, president of the Thilmany company, who further stated that the present unsatisfactory taxation and industrial situation in Wisconsin is responsible in a large measure for the company's unwillingness to assume moral responsibility for such a step.

There were other outstanding reasons for the removal to Waukegan, notably, advantage of location with respect to distribution in territory served and important freight savings on incoming material and outgoing product, Mr. Wertheimer added.

It was accordingly agreed to discontinue our bag plant at Kaukauna, explained Mr. Wertheimer. A new company was organized and the business transferred to Waukegan where provision was made for a much larger production, and this action was deemed necessary largely because we hesitated to invite additional labor to come to Kaukauna. We did not feel that we could do otherwise in view of the uncertain industrial conditions existing owing to attitude of the state government.

STINNES ESTATE RAPIDLY BEING TORN TO PIECES

Family of Late German Multi-Millionaire Unable to Stick Together

Berlin—(AP)—Recently there has been worldwide curiosity as to whether the sons and daughters of the late Hugo Stinnes would succeed in emulating the example of "the five Frankfurters" as the five Rothschilds of Frankfurt became known in financial history because of their success in conserving the family's unity and fortune.

This curiosity now is rewarded by a spectacle which reveals the quickly accumulated estate of Stinnes, Germany's great industrialist, in forced liquidation and his family in the clutches of a banking syndicate to which it is heavily indebted for money loaned originally for six months to save Stinnes' "industrial empire."

Already Stinnes' banks, iron works, hotels real estate, steamships, electrical plants, coke and iron and steel concerns, and the apple of the dead man's eye, the Deutsche-Algemeine Zeitung have been sold. The family still has the Muehlheim coal mines in which Stinnes started on the way to wealth.

"Stick together, and stand by mother!" This was the dying admonition of Stinnes. He had in mind a family union for the protection of his vast interests. But in less than a year the injunction became an ignominiously discarded family shibboleth.

ONE TIME MAYOR OF JANESVILLE BURIED

Janesville—(AP)—Funeral services were held Thursday for Thomas E. Walsh, former mayor of this city. Mr. Walsh was 64 years old.

K. K. K. HAS SISTER ORDER IN GERMANY, POLICE ARREST TWO

Berlin—(AP)—Two Americans, father and son, alleged to be behind the recent organization here of the Knights of the Fiery Cross, patterned after the Ku Klux Klan, have been arrested by the German police in Silesia.

They are Otto Strohschein, 54, and Gottfried Strohschein, 30, both German born but now American citizens and recently residents of Chicago. A third American, Don Burton Gray, 21, of Hillsboro, Ill., is said to have left Germany three weeks ago and to be in Chicago now.

Paper found by the police indicate that branches of the order exist in Hamburg, Jena, Dortmund, and Cassel, and that the founding of the organization dates back to 1923.

ORDER INQUEST INTO BURNED GIRL'S DEATH

Milwaukee—(AP)—An inquest into the death of Miss Nora Posson, Whitefish Bay, school teacher, who was burned to death in a fire at the Sun View farm, near here, will be held Sept. 16, the coroner's office announced Thursday.

Miss Posson had gone to the farm to regain her health.

50 CHIMNEYS BLOWN DOWN, MAN CRUSHED

Church Steeple Razed at Burlington, Automobiles Smashed Against Trees

FARM CROPS LAID WASTE

Storm Also Rages at Kenosha and Racine, Wire Service Is Crippled

Milwaukee—Three southeastern Wisconsin cities were swept by a tornado Wednesday, which caused large property damage at Burlington, wrecked trees and windows in Racine and Kenosha and blew itself out over Lake Michigan.

The storm struck Burlington shortly after 8 o'clock in the afternoon and although lasting only five minutes it ripped and smashed farm crops to the extent of \$50,000. Henry Storey, employed at the Burlington Flour company plant is seriously hurt as the result of being caught when the roof of that building crashed in, under the weight of a fallen chimney.

Two other large chimneys were blown over while, any number of smaller ones were wrecked. Trees suffered much damage, and many plate glass windows were blown in.

FORCE SPENT

The storm seemed to spend most of its force at Burlington, but Racine and Kenosha also felt the force of the blow. At Racine some windows were blown in a condition which also obtained at Kenosha.

A short distance from Kenosha, Frank Danish, Chicago, riding in an automobile with his wife, his sister-in-law and her daughter, was caught in the storm. Their machine was overturned by the force of the wind, but no one was injured.

The storm had its beginning in Lyons, Mo. but did not strike with great force until at Burlington. Torrents of rain fell, and some hail was reported. Wire service into the storm swept territory was badly crippled.

STREETS BLOCKED

Burlington—Streets here are a mass of tangled wires and trees, windows are blown in and half a hundred chimneys, including two factory chimneys 150 feet high, were destroyed as the result of a tornado which swept through here at 2:45 Wednesday.

Henry Storey, a worker was pinned beneath the chimney at the Burlington Flour Co., which went through the roof of the plant. He was unconscious at a local hospital late Wednesday afternoon and said he had little chance to live. The other factory chimney reared was at the Burlington Brass works.

The steeple was blown off the Episcopal church and came crashing through the roof. The Consumers' Ice house was badly damaged by the wind and all of the barns on the Prash brothers farm were destroyed.

TOSSED OVER

The chimney of the Murphy Mineral Products Co. was blown off and tossed over the Soo line railroad tracks on which a string of freight cars was standing.

Among the windows blown in were a dozen show windows at the Princeton business blocks. Automobiles were whipped about the streets and smashed against telephone poles and trees. A wrecker was sent to Lyons from Beloit and another was dispatched to the scene from Milwaukee.

TOWN BOARD FORBIDS BONFIRES IN FOREST

Prentice—(AP)—The town boards in state fire district No. 6 have placed a ban on fires in their district, due to the dry condition of the woods. It will be unlawful for any one to start a fire in the woods, unless permission has been obtained from the fire warden or the town chairman.

157 MILLIONS IN GAS TAXES PAID BY CAR DRIVERS

Forty-four States Now Collect Tax on Gasoline Used to Drive Automobiles

Washington—More than \$150,000,000 is being contributed to state treasuries by American motorists this year in gasoline taxes—sufficient to build 5,500 miles of up to date concrete highways, an investigation by The United Press among government agencies shows. Wisconsin, with \$5,132,867, ranks eleventh among the 44 states that impose the gas tax, according to estimates for the year made by state officials.

Government estimates place the probable total gas collections this year in all states at \$157,204,984. Last year the total was \$79,734,490. The huge increase is due principally to the conversion of a number of states to the gas tax idea and partly by the increase in the number of automobiles in the country.

Statistics arrived at their estimate by allowing 450 millions of gallons to each registered automobile in the country and assessing the tax against consumption so figured, according to the number of vehicles in every state.

SPENT FOR ROAD BUILDING
A prominent feature of this year's huge gas tax collections is that most of the revenue derived will go exclusively for road building. Last year only a little more than 60 per cent was so applied.

Only four states now do not impose the gasoline tax. They are New York, New Jersey, Massachusetts and Illinois. The tax experiment originated in the south and west. An indication of the rapid increase in this mode of taxation is given in the jump of revenue from \$26,813,339 in 1923 to \$157,204,984 this year.

One state—South Carolina—charges a 5-cent tax. Arkansas, Nevada and North Carolina levy 4 cents. All but four of the other states charge between 2 1/2 and 3 cents. The four are Connecticut, North Dakota, Rhode Island and Texas, which levy 1 cent.

WISCONSIN PAYS \$5,132,867
The amounts which it is estimated each state will collect in gasoline taxes this year are as follows:

Alabama, \$1,556,892; Arizona, \$858,735; Arkansas, \$2,811,258; California, \$13,071,997; Colorado, \$2,111,139; Connecticut, \$1,075,270; Delaware, \$347,841; District of Columbia, \$858,742; Florida, \$2,910,640; Georgia, \$3,084,156; Idaho, \$1,028,011; Indiana, \$9,677,820; Iowa, \$6,099,860; Kansas, \$4,067,820; Kentucky, \$3,412,581; Louisiana, \$1,762,200; Maine, \$1,588,582; Maryland, \$1,064,133; Michigan, \$8,588,691; Minnesota, \$4,984,020; Missis-

FORTUNE TELLERS AT FAIRS MAY GO TO JAIL

In an opinion obtained by C. B. Ballard, Appleton, state treasury agent, from the attorney general, it was made known that palmists and fortune tellers who operate at fairs are liable to imprisonment. "A fortune teller is not a 'side show' and is not subject to the law requiring licenses for shows," according to the ruling of F. C. Stebbins, assistant attorney general. Under the law "fortune tellers and like impostors" are deemed vagrants and are liable to be punished by imprisonment at hard labor in the county jail or workhouse from three to 90 days.

APPLETON MEN SPEAK FOR LA FOLLETTE, JR.

Fred Bachman, Congressman George J. Schneider and Samuel Sigman, all of this city, gave short addresses Tuesday evening at Appleton Creek in conjunction with the appearance there of Robert M. LaFollette, Jr., candidate for the United States senate to succeed his father.

Mr. LaFollette will give an address in Appleton on the evening of Sept. 12. sippi, \$1,999,998; Missouri, \$5,350,950; Montana, \$788,976; Nebraska, \$3,056,174; Nevada, \$358,722; New Hampshire, \$702,225; New Mexico, \$617,448; North Carolina, \$5,984,190; North Dakota, \$580,860; Ohio, \$12,291,840; Oklahoma, \$5,493,055; Oregon, \$2,860,326; Pennsylvania, \$12,163,005; Rhode Island, \$472,635; South Carolina, \$4,003,380; South Dakota, \$2,114,572; Tennessee, \$3,032,488; Texas, \$5,068,475; Utah, \$1,183,565; Vermont, \$605,664; Virginia, \$6,279,876; Washington, \$2,593,521; West Virginia, \$2,832,394; Wisconsin, \$5,199,687; Wyoming, \$549,022.50.

ENGAGE ENGINEER TO AID CONNELLY FOR MONTH

A. Flick of Sandusky, has been appointed as a special assistant engineer for the city of Appleton, according to announcement of Mayor John Goodland, Jr. He has begun his duties and will spend a month in the city's service.

Extra help was given R. M. Connelly, city engineer, because of the lateness of the paving program. It was found that a number of sidewalks still are to be built and there are numerous sewer extensions to be made. In order that all this work may be accomplished before the fall season is too far advanced, Mr. Flick will devote his attention to the sidewalk and sewer matters, thus permitting Mr. Connelly to give his whole time to the engineering work connected with the paving of several streets.

Y. M. C. A. RESIDENTS ARRANGE FOR PROGRAM

A program for the supper of dormitory men of Appleton Y. M. C. A. which will be held on Thursday evening, Sept. 24 was set up at a meeting of a committee of "Y" residents Tuesday evening. Every member of the committee was present and much interest and enthusiasm was shown by the men. H. H. Helling, chairman of the social work committee of the association, helped work up a program. The supper will be held for the purpose of getting the dormitory men interested in forming a "Y" village, now being operated successfully in many associations of the country. Dormitory men elect a mayor and aldermen and adopt a constitution and ordinances and govern themselves much as a small city, under the "Y" village system.

CELERY PICKERS ENDANGER DUCK HUNTING HERE

Sportsmen Appeal to State to Protect Food Supplies for Wild Ducks

Sportsmen of this locality have appealed to Congressman Florian Lampert of Oshkosh in an effort to restrain activities of persons engaged in gathering wild celery and other wild duck foods from bodies of water in this vicinity, thus spoiling feeding grounds of wild ducks and endangering the fall sport of hundreds of hunters.

In response to the appeal, Mr. Lampert has written to Elmer S. Hall, state convention commissioner, and Herman L. Ekera, attorney general, asking for advice and cooperation on

the part of the state. He has promised to do all in his power to bring about a complete investigation and to put a stop to this practice.

It is reported that a force of men is now employed in this vicinity gathering enormous quantities of wild duck foods. These foods include wild celery, sage pond weed, muskrat potato, sweet flag and Potamogeton root.

Wild celery is said to be the favorite food of canvasbacks, one of the choicest of wild ducks, and redheads, bluebills and other deep water ducks. Although there is no law preventing the removal of this plant, it is rapidly diminishing in extent, as is sage pond weed.

It is reported that warehouses, with boats and other equipment, are maintained on Lake Kettle des Moris, that the business is highly organized, and that there are several carloads of wild duck food now stored in ice-houses awaiting shipment.

Trades Council Meets
Members of the Trades and Labor council will hold a regular meeting at the hall at 8 o'clock Wednesday evening. A report of the Labor day picnic will be heard, and other routine business will be transacted.

SCHNEIDER ELECTED HEAD OF P-T CLUB

Julius Schneider was elected president of the Parent-Teachers association of the Badger school, Spencer, at the first fall meeting Tuesday evening at the school. Melvin McCoy was elected vice president, and Miss Florence Keating, secretary and treasurer. Routine business was transacted.

The next meeting of the association will be Sept. 22, and will be featured by a card party and wiener roast.

Studebaker Standard Six Coach \$1325.00 Delivered in Appleton

One-Profit Value Unit-Built Construction
Make Studebakers Bargains in Quality

BECAUSE Studebaker builds for Studebaker cars all bodies, all engines, all axles, clutches, differentials, steering gear, springs, gear sets, gray iron castings and drop forgings—it is possible to give purchasers two advantages:

1. A price advantage: Because Studebaker eliminates extra profits which all other manufacturers (except Ford) must pay to outside parts or body makers. Thus Studebaker is able to use steel of extra toughness, fine northern white ash and hard maple, wool upholstery, plate glass, painstaking workmanship to precision standards, and extra equipment, such as gasoline gauge, clock, stop light, etc.—yet charge no more than competing cars.

2. A construction advantage: Because all parts are not only designed to constitute one harmonious unit, but are Unit-Built in Studebaker plants. Being built as a unit, every Studebaker functions as a unit. This results in years longer life, scores of thousands of miles of excess transportation, greater riding comfort, minimum repair costs and, finally, higher resale value.

The net of it is this: the one-profit Studebaker with its unit-built construction offers you a bargain in quality.

There are others in our general price field who also build quality cars. But for models that are at all comparable their prices are higher.

Others, who once built quality cars, have made material sacrifice in order to secure superficial price advantages. These cars are good value for the man or woman who wants that kind of a car. But if he wants a bargain in quality there is only one answer—Studebaker.

Consider, for instance, the Standard Six Coach, illustrated above. It has wool upholstery; plate glass; fine trim to hide all tacks; heavy, ornamental hardware; clock; gasoline gauge on dash; automatic windshield cleaner; stop light; locks on ignition; steering gear, door and spare tire carrier all operated by a single key.

Slam the door and the sound says "quality." Swing on the door. Run one wheel up on the curb and note how the doors still open and close. Sit on the firm, heavy fenders. Try the steering gear. See how easily it handles the full-size balloon tires. Test the comfort of the deep rear seat. Its genuine wool upholstery covers two layers of washed, quilted cotton, one layer of genuine curled hair and extra long springs closely held together by small coil springs.

Run the engine—the most powerful in any car of this size and weight, according to the ratings of the National Automobile Chamber of Commerce. Come in and see this bargain in quality—the lowered price closed car ever sold by Studebaker.

Or, under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income with an initial payment of only..... \$441.67

MR. WILCOX' CANDIDACY

Several hundred Appleton and Outagamie county voters attended the meeting in Armory G Wednesday evening, at which Roy P. Wilcox, Republican candidate for the office of United States senator, was the principal speaker. It was a large and enthusiastic gathering, and Mr. Wilcox made a decidedly favorable impression upon his hearers.

No one can meet or hear Mr. Wilcox without gaining the impression that he is a statesman of capacity and ability. His address was a welcome relief from the tactics used by the spell-binding office-seekers who have addressed local audiences in this and recent campaigns. There was no mud-slinging, no bitter denunciation of opponents, such as characterized Mr. McGovern's talk last week. No delving into personalities, no abuse of the opposition, just a clean, straight-forward presentation of the issues, state and national, which are before the electors of the state of Wisconsin for consideration in the forthcoming election. Mr. Wilcox invited a free and fair comparison of the records, characters, promises and accomplishments of all candidates who are in the race.

The platform and pledges of Mr. Wilcox are a plain declaration of principles upon which he proposes to stand if nominated and elected. There is no doubt about his sincerity of purpose and he leaves no room for question regarding his ability to fight for the things in which he believes.

Among the important planks in Mr. Wilcox' platform is his advocacy of the world court, and the use of all honorable means of minimizing the possibility of future wars. He favors the early completion of the St. Lawrence waterway project which would be of inestimable value to the state of Wisconsin and to the middle West. He stands for the full payment of foreign war debts to America. He stands for the guarantee of liberty as laid down by our constitution. His advocacy of sane labor legislation and helpful devices for the farmer should win approval of the laboring man and the tillers of the soil.

His promise of support to the Coolidge administration in its program of economy and federal tax reduction should gain full approval, as well as his stand against the tax-grabbing, extravagant, bureaucratic state administration at Madison, which has built up a political machine of 5,800 job holders.

These are some of the issues which Mr. Wilcox pointed out in this campaign, and his stand on these important questions is of such sanity and good judgment that we believe it can be subscribed to by the large majority of our citizens.

As we see it the important thing in this campaign is to nominate and elect a senator who can be relied upon to support every effort toward good government nationally, and who will strike a decisive blow at the power of the state political ring. A vote for Mr. Wilcox next Tuesday is a vote for these principles.

THE AIR SERVICE CONTROVERSY

People generally will find themselves in hearty accord with the statement of Congressman Florian Lambert, chairman of the select committee investigating the United States Air service, in which he points out that Col. Mitchell is merely incidental to the real problem of this branch of the service, and that the matter to be decided is not whether or not Col.

Mitchell should be punished, but how best to improve aviation.

We would not disparage the courage of Col. Mitchell in standing out against the army and navy officials for what he believes to be mismanagement, nor would we underestimate his service in bringing the problems of this branch of the service to the attention of the public.

However it must be remembered that the important matter, and in fact the matter for which Col. Mitchell has risked punishment, and demotion is the improvement of the air service. Once the public has been sufficiently aroused or interested to make thorough investigation imperative, the function of the layman will have been accomplished, and the final decision will be one for experts.

Few are competent to say whether the charges of Col. Mitchell are true or whether they have been greatly exaggerated. However an impartial investigating body that has for its ultimate purpose the improvement of the air service can go a long way toward accomplishing that purpose. The charges of General Mitchell which unquestionably will warrant charges of insubordination, may be reason for disciplinary action, but the real issue will be the improvement of the air service, and will continue to be the issue until it is settled.

THOSE ERRORS

Next time you hear a citizen yelping about typographical errors in his home paper, or in any other paper, just hand him these few figures to stop his tongue, says an exchange:

In an ordinary column there are 10,000 pieces of type; there are seven possible wrong positions for each letter; there are 70,000 chances to make an error; and millions of possible transpositions.

In this one sentence, "To be or not to be," by transpositions alone, it has been figured out, 2,759,022 errors can be made. Newspaper people from the "devil" up to the boss are only human, and are liable to err. Don't be nosing around for errors, but read for the information and the good you can get; you'll find errors enough in your daily walk of life without having to hunt for them in your newspaper.

THE "POOR" MAN

To help the "poor" American taxpayer as distinguished from the "rich" one who can pay surtaxes, Representative Bacharach of New Jersey advocates elimination of the excise tax on automobiles and their parts. The Detroit News in agreeing with him remarks that this tax hits "the poor man heavily, the rich man lightly."

Certain Europeans hearing all this discussion about the welfare of the "poor" American who has to pay a tax on his car would wonder about our definitions. It is only here that a man can be considered poor and still transport himself in his own motor vehicle. It is only here that a legislator can be worried about the effect of auto sales taxes on the masses.

The thought is saccharine—very sweet even if very bitter. The American poor man paying the sales tax when buying his own car has his compensations. Many a European would like to get here for the chance of earning the rare privilege of paying just such a tax.

TODAY'S POEM

By HAL COCHRAN

SALLY!
 "Sally! Oh, Sally! Come out of that alley. Say, put down that stick and that dirt. I dressed you up clean. What on earth can you mean? Come here, now, you'll ruin your skirt!"
 "Jimmie! Say, Jimmie! What worries you gimme. I told you to go to the store. Don't loaf on the way. Now, I'll bet you can't say what it was I was sending you for."
 "Lilie! Why, Lilie, what makes you act silly? Be nice, now. Snatch hands with your aunt. You could be so good, if you only just would, but you make all my friends think you can't."
 "Eddie! Oh, Eddie! Your supper is ready. Say, how many times must I call? You piece all day long and you know that it's wrong, for you never eat at meal times at all."
 Mother, poor mother, her call, like no other, will find where a youngster is at. The call of the child is the call of the wild, but you can't blame poor mother, at that.

THE SPASMODIC TENDENCY

Young children are likely to have convulsions from causes which in adults produce only a chill, say with the onset of a sharp fever as in pneumonia or scarlet fever. Why the manifestation is a spasm in a child and only a shivering or chattering of the teeth in an older individual is not so easy to explain as we formerly thought; it is true the child has a relatively greater amount of nervous tissue, but that signifies nothing.

But recently medical science has recognized a peculiar state, mainly observed in children of spasmodic tendency, which means literally fondness for or love of spasms, an abnormal tendency toward spasmodic reactions. This peculiar state includes not only ordinary spasms or convulsions, such as occur instead of chills in association with various illnesses in children, but such definite affectations as tetanus (not tetanus or lockjaw), spasmodic croup, breath holding spells, laryngismus stridulus or spasm of the larynx, and perhaps some cases of convulsions (bad wetting in children past the age of 3 years). Spasmodic has no bearing upon such diseases as epilepsy, chorea (St. Vitus' dance), tic (habit spasms) or wry neck.

In tetany the child's hands and feet are held in a contracted or cramped position all the time, and various other muscles may be spasmodically contracted, especially about the larynx producing a "crowing" resembling the cry of a mouse. Tetany is seldom seen in a child less than 3 or 4 months of age, and as a rule the condition occurs in children from 8 months to 18 months old. It is commonly associated with signs of rickets. Children with tetany often have general convulsions from various incidental causes such as overfeeding or improper food, the onset of pneumonia, scarlet fever or other febrile illness, uremia, but never, I think, from "worms."

Breath holding spells not obviously due to anger and excessive crying, are usually a manifestation of tetany, although such spells continue in some children far beyond the age limit for tetany. A deficiency of calcium (lime) in the blood is one sign noted in spasmodic tendency. Whether this is due to an inadequate supply of calcium in food, water or medicine, or to an excessive elimination of calcium from the body, or to some inherent fault in the metabolism or utilization of calcium in the body, is a question which is not as yet settled. Observers generally believe that there is some functional fault in the ductless glands, particularly the parathyroid glands, which seem to control calcium metabolism. Recent studies seem to show that this abnormality is not hereditary, but depends upon a lack of certain vitamins in the child's diet, and especially a lack of vitamins which are richly present in plain cod liver, the yolk of fresh eggs, and pure fresh raw milk, but in greatest concentration in the cod liver oil.

Two lines of treatment are commonly employed in dealing with spasmodic tendency in its various expressions. First, the child is given about 10 grains of calcium chloride, dissolved in water and fed with the food, every four hours, for several weeks, but the dose may be decreased to five or 10 grains a day after the first week. Second, the child is given plain cod liver oil, from a few drops at first to a teaspoonful after a month, two or three times a day.

Besides these measures, the spasmodic child ought to have every opportunity for play in the sunshine, with the body nearly or quite naked but of course care to prevent sunburn.

QUESTIONS AND ANSWERS

Soap Below the Neck?

Is it harmful to use any reducing soap on the bust? (M. B. P.)

Answer—Only indirectly, for you see, or at least I do, that there is urgent need of every available bit of soap for necks, and to go and use it on busts—well it reminds me of the time I recklessly used a perfectly good penny on a slot machine in a railroad car, believing, gullible dupe that I was. I could get a paper cup for a drink of water that way. It took over a year of determined effort to recover that penny. So I should advise you not to be extravagant with the soap, especially in view of the prodigious cost of "reducing" soap.

LOOKING BACKWARD

25 YEARS AGO

Thursday, Sept. 13, 1900.

Lawrence college opened yesterday for the school year with an enrollment of 231, the largest on record. Among those enrolled from Appleton were: Laura Loomis, Marie Petersen, Elsie Bottensek, George J. Stansbury, Ruth Harwood, Florence and Elizabeth Wood, Ada Beveridge, Mabel Kuehnstedt, Charlotte Wood, Karl E. Stansbury, B. A. Fride, Roy Fride, Kate Goehnauer, Chas. Goehnauer, Fred Heilmann, Theda Paten, E. W. Court, Mabel Walter, Ada Saecker, Arthur Fiano and R. Percy Hutton.

About 200 members of Riverdale Country club attended the opening of the new clubhouse yesterday. Several golf contests were scheduled in which D. Arthur Jones won the men's direction driving contest, H. Lee Chilson, the men's distance driving contest and Robert L. Smith the approaching and putting contest.

O. E. Bell, president of the Bell Watch Co., which was desirous of locating a factory here, was to arrive in the city that evening to confer with a committee which had charge of obtaining the site.

Mayor Hammel called a mass meeting at the city hall that evening to arrange to obtain aid for the sufferers in the flood at Galveston, Texas.

Mike Moran and Anna Schmidt were married that evening at the parsonage of St. Mary church.

A. H. Krugemier of this city, and G. H. Dawson of Kaukauna, were mentioned as candidates for district attorney to oppose Fred M. Wilcox for reelection.

The latest story from Kansas and its freak laws is as follows: It is said that a short time ago they went the limit with a law that was introduced and went through both houses and was vetoed by the governor because his private secretary caught it, and that the law provided that when a train approached a grade crossing, the engineer had to get out and look both ways on the highway to see if there was an automobile or a horse and buggy in sight.

PASTOR RETURNS TO ATTEND 75TH CHURCH JUBILEE

The Rev. A. O. Alfsen, 50 Years at Valders, Visits Friends in Chilton

Special to Post-Crescent
 Chilton—The Rev. A. O. Alfsen of Chicago was in the city Monday, the guest of Mr. and Mrs. W. D. McMullen.

Mr. Alfsen had been at Valders, Manitowoc-co on Sunday, where the seventy-fifth anniversary of the founding of the Valders Lutheran church was celebrated. This celebration was participated in by the city of Manitowoc and the villages of Jerken and Valders.

The Rev. Mr. Alfsen came to Jerken in 1852, and had charge of the church there and also of the one in Valders. He remained there until 1923, when he celebrated his fiftieth anniversary, after which he retired and moved to Chicago.

During his residence in Jerken he ministered to the spiritual needs of five generations of people. At the celebration on Sunday one of the parishioners told that the Rev. Mr. Alfsen had officiated at the burial of her grandfather, and had also christened her grandchild.

Mr. McMullen of Chilton formerly lived at Valders, and belonged to that congregation.

Two automobiles, one occupied by John and Alvin Holst and the other by a party from Kiel, crashed into each other on the Gravesville bridge at 9 o'clock Monday evening. The Kiel car was a new sedan, which was badly smashed. None of the occupants of either car was badly hurt, all of them escaping with scratches.

Mrs. Edward Schmidt, together with two children, of Milwaukee, is visiting her parents Mr. and Mrs. William Pinnow.

Here's a chance for a man to get ahead in more than a mere hat!

Common every-day hats you can buy anywhere. If you'll notice the first 50 men you meet on the street you'll know that 30 of them bought ordinary hats—they were not particular.

We're not simply trying to sell you a hat and take your \$5 or \$7.

We want to show you how it seems to be looking at yourself in a hat that is more than a head covering—in a style that is more than a shape—and in a shade that is more than a piece of dyeing.

You have only one face—let's take care of it.

OLIVE BRANCH HEARS REPORT ON LEAGUE-CAMP

Reports will be given at the meeting of Olive Branch Senior Walthers League Friday evening in the church parlors by members who attended the League camp at Arcadia, Mich. this summer. A program of camp songs has been arranged and plans will be made to raise money for the Arcadia camp fund.

The camp is situated on the east shore of Lake Michigan and comprises 110 acres of forest lands. It is an excellent place for fishing and bathing and has a golf course and baseball diamond. Leagues from all over the United States spend their summer vacations at the camp. About 800 members attended during the past season.

LETTER FROM LESLIE PRES-COTT TO RUTH BURKE, CONTINUED

Do you know, Ruth dear, I am not sure that Alice Hartley has not the right idea about this very important phase of life. She is treating marriage as a business. She knows that if she can not be a success at anything, she respects Porter Breed principally because she knows that he can give her what is indispensable to her happiness—all that money can buy. He has recently had another fortune left him. She is determined as she says, to be successful in woman's inevitable business.

As a rich man's wife she will be successful. As a poor man's wife, she would be an object of pity. That is the reason why she has turned her attention to getting a man with money as a partner. Personally, I can see nothing wrong in this, for if she cannot have a partner in any other business, she would look out for one who was able to invest in it the money needed to carry it on.

With the frankness of a modern girl she discusses the whole matter with a lack of hypocrisy that is quite refreshing.

I am glad and I know that you will also be glad to help her in any way to attain her ambition.

I have come to the conclusion, Ruth, that it is not always the poor girl who needs help the most. Sometimes the problem of the girl who moves among the rich, whose friends have plenty of money, who appears to all the world as a rich girl, are much harder to solve.

Alice told me she expected to be married in about three weeks, and then she added with a grin at the humor of the whole thing, "Porter doesn't know it yet but I'm almost certain that the ceremony will take place three weeks from Wednesday."

You see, Ruth, that Alice Hartley, although she does not know it, is a disciple of George Bernard Shaw, who is the one man who has the vision to tell the truth about something that every woman knows if she will only talk honestly about it.

Every woman knows that in reality she is not the pursued, but the pursuer. She knows long before the man in the case does, that he is going to propose marriage to her. Also she is quite able to ward off any love-making she does not care to accept.

Therefore, you had better prepare to be in town by three weeks from Wednesday for Alice will be discovered if you are not here for her wedding.

I shall gladly go and wish them all joy, and I haven't the slightest doubt whatever that they will not both be as happy as the average married couple.

I believe that all people would be much happier if there was not so much stress put upon passionate love as a necessity to a happy marriage. Regard, respect, affection, similar tastes, sympathy and understanding, and last but not least, great tolerance, are much more important. (Copyright, 1925, NEA Service, Inc.)

INVITE DEMOCRATS TO MILWAUKEE MEETING

Several Appleton Democrats are planning to attend a banquet Friday evening at the Plankinton Hotel, Milwaukee, in honor of William A. Oldfield, Washington, D. C., chairman of the national Democratic congressional committee, who is touring middle western states in the interests of the Democratic party, and will be a guest of Wisconsin Democrats Friday. The Milwaukee meeting and address by Mr. Oldfield will be partly devoted to the interests of the campaign of William George Bruce, Milwaukee, Democratic senatorial candidate. Ticket reservations for the banquet are being handled by John M. Callahan, Milwaukee, chairman of the Wisconsin Democratic campaign committee. It is not known just how many from Appleton will attend.

Club Ready To Accept Member Fee

Membership fees in Appleton Women's club for 1925 may be paid at any time now, according to officials of the club. They may be mailed in or brought in to the club and receipts will be given or mailed to new members. In this way the solicitors will not find the work so heavy when the campaign starts on Sept. 21, and club officials are urging that as many as possible turn in their memberships before that date. The membership fee is \$1. Registration for classes, a separate part of the program from the membership campaign, also is being worked up so that everything will be in readiness for the groups to get under way on Oct. 1.

Y. P. S. ELECTS WALTER VOECKS AS PRESIDENT

Adventures Of The Twins

THE STORY OF YELLOW-CAP PINKNOSE
"I'll tell you a really true fairy story about Yellow-Cap Pinknose," said MI O' MI to the Twins.

"That's fine," said Nancy and Nick.

"Once upon a time," began the Story Teller, "there was a little fairy called Yellow-Cap who lived with his mother and father, Mister and Mrs. Pinknose, in buckeye blossom on a buckeye tree.

"Every spring in April the old buckeye tree first spread a thousand green umbrellas all over its branches, and as it was too early for the mandarin leaves and the toast-stools to be out, all the fairies took their belongings to the old tree so as to be dry during the April showers.

"And about the first of May, the tree did another obliging thing," said MI O' MI. "It blossomed out all over with the loveliest white houses (blossoms really) like white ice-cream cones upside down.

"Indeed the children did call it the ice-cream cone tree, never dreaming that each blossom was the home of a fairy family.

"For as soon as the blossoms were big enough, the fairies moved in. And there they stayed for a whole month until it was time to go into the deep green forest to the dingle cell to live during the hot spell.

"Well, one morning Mrs. Pinknose said to Yellow-Cap, 'I want you to go and visit your grandmother today. Yellow-Cap. She wants to measure you for mittens and stockings and ear-warmers and a nice long muffler for next winter.'

"Can't wait," begged Yellow-Cap. "I can't wait."

"Off you go," said Mrs. Pinknose briskly. "I have your lunch packed. You know the way—you slide down this tree and then you follow the ground-ivy to the old holly bush. Then turn to your left through the violet patch and follow the creek to Orchard Hill. Grandmother lives in the first apple tree. She's keeping house in the hole the wrens nested in last year."

"There wasn't another thing for Yellow-Cap to say except 'Good-bye.' So he took his lunch and was off to see his grandmother.

"Then his adventures began. He hadn't gone far when a large green spider with white spots scurried away in front of him.

"He's not very civil," said Yellow-Cap. "He never even looked my way!"

"Then suddenly he heard a rustle of wings and Mister Crow flew down on a log. 'Caw! Caw! Caw!' croaked

WOMAN'S BACK STOPPED ACHING

I Suffered Three Years. Relieved by Taking Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I have a little girl three years old and ever since her birth I have suffered with my back as if it were breaking in two and I had a bearing down feeling all the time. I also had dizzy spells and was sick at my stomach every month. I had read several letters from women in the newspapers and the druggist recommended Lydia E. Pinkham's Vegetable Compound to my husband for me. As a result of taking it my back has stopped aching and the bearing down feeling is gone. I feel stronger and do all of my housework and tend to my little girl. I have also taken Lydia E. Pinkham's Liver Pills for constipation. I have recommended these medicines to some of my friends and you may use this letter as a testimonial if you wish. I will be pleased to answer letters of other women if I can help them by telling them what this medicine has done for me."—Mrs. PRICE, 147 W. Summit Avenue, St. Paul, Minnesota.

SCHILTZ NEW VICE HEAD OF EAGLE CLUB

Andrew Schiltz was elected vice president of the Eagle association at the meeting Wednesday evening in Eagle hall, to succeed Charles Freiberg who was advanced to the office of presidency at the meeting a month ago. Mr. Freiberg was elected president to succeed Theodore Berg, resigned.

It was reported at the meeting Wednesday night that word had been received that George Strine, speaker for the organization department, will visit the local order Sept. 23, to start work on the fall membership drive. Committees will be appointed at the meeting Sept. 16 to make arrangements for a program for that evening.

After the business session, members of the organization had a surprise "corn fest." The corn was donated by Henry Eberhardt. About 42 members were present.

the crow hungrily making a dive for the green spider.

"But all he saw was a little yellow cap lying on the ground, for the fairy, seeing the danger his friend was in, threw it over him instantly and popped into the end of the hollow log himself to wait until the crow was gone.

"When the black fellow had flown away in disgust, the fairy ran over and lifted his cap off the ground.

"Oh, I'm ever so much obliged," said the green spider crawling out. "I'll do something for you some time."

"You're quite welcome," said Yellow-Cap. Then he picked up his lunch and started off to his grandmother's again."

"Is that all?" asked Nick.

"No, indeed," said MI O' MI. "There's a lot more."

NOW IS TIME TO CLEAN UP CHERRY-ST PARKWAY

People who live on the north end of S. Cherry-st seem to be rather slow to clean up the dirt and debris left on their parkways and boulevards during the recently completed paving job on that street, according to Alderman Charles Fose, chairman of the streets and bridge committee of the council. The dirt should be raked onto the road, and it will then be hauled away by city trucks, but if this is not done until the street is opened for traffic the dirt will not be disposed of by the city, but must be taken away by the person who has neglected to clean up the parkway in front of his house, Mr. Fose said. The

Residents on the south end of S. Cherry-st were prompt to clean up their boulevards, Mr. Fose said.

Cherry-st pavement will be entirely opened in about ten days, but a few blocks at the south end of the street probably will be opened before that time.

Glad He Picked This Good Stomach Remedy

Puts Stomach in Fine Condition—Ends Dizzy Spells, Catarrh and Makes You Sleep Well.

Indolent eating causes acute indigestion, gas, acidity, heaviness and sour stomach—sometimes the distended stomach causes that dreadful feeling of near suffocation.

Isn't it worth something to know of a remedy that will stop this distress in a few minutes—quicker than anything else you can think of.

This is no common stomach remedy for it took years of time to combine Pepsin with Menthol and the other effective agents that make Dare's Mentha Pepsin so good that the worst cases of indigestion and gastritis and other chronic stomach ailments are speedily overcome and the most badly deranged stomachs are made clean, strong and healthy.

Mr. Calvin Dike of Alloway, N. J., a man of few words, knows this for he writes: "entirely rid myself of an old catarrhal condition of the stomach with Dare's Mentha Pepsin."

No matter what your stomach trouble is get a bottle today at Voigt's Drug Store or any druggist anywhere, with the distinct understanding that if it doesn't do you the world of good your money will be returned. adv.

POSTPONE FALL STYLE OPENING FOR ONE WEEK

EXPECT 200 MEN ON HORSEBACK IN FARMER PARADE

Final Preparations Are Being Made for Farmer Festival Next Week

Kaukauna—Because a band could not be obtained on short notice, and because several business men requested more time to make preparations, Kaukauna's first Fall Style Opening has been postponed one week to Sept. 12 to Sept. 13.

A special meeting of the business men's association will be held Thursday evening, following a 6 o'clock dinner in the dining room of Hotel Kaukauna. At least fifty north side business men will be present. The special meeting was called by president Charles Towles for the purpose of enlisting every merchant in the first fall opening, and to appoint committees to arrange the special features.

A parade of new models of cars, cloths entered by the business men, a band, clowns, special cars carrying the mayor and city officers, big trucks to carry the kiddies, is expected to be one of the main features of the opening.

Merchants on East and Wisconsin will decorate their windows especially for the occasion. Several new large flood lights will be used to light the streets in a carnival aspect. Prize contests, special entertainments and many surprises are arranged.

Special invitations will be sent to at least 5,000 farmers inviting them to the opening. It is estimated that at least 10,000 people will flood the downtown district on this big night.

This opening will be the second of a series of stunts, sponsored by the Business Men's association, for the purpose of advertising Kaukauna. The first, a pavement dance at the opening of the new Draper-st pavement was a big success.

ENLARGE MUSIC WORK IN SCHOOLS

Miss Hiese Introduces New Activities in Kaukauna High School

Kaukauna—Active work will be well under way in the music department of Kaukauna's public school by the end of the week, according to Miss Flora Hiese, teacher.

In planning her program for the year, Miss Hiese is introducing several new activities. The boys and girls glee clubs, which made a good showing last year at the first state music contest, will resume work next week. The boys glee club, which was limited last year to 20 members, will have plenty of vacancies which will be filled by boys who can pass standardized tests. The girls glee club, made up of about 35 members last year, did not lose many young ladies through graduation, and this organization probably will have to be enlarged in order to allow some of the freshman girls to enter.

Miss Hiese plans to have a large high school orchestra this year. A new set of drums has been purchased and will be used by the boys or girls who can qualify as drummer for the orchestra. The high school owns a cello and a bass horn.

The music memory contest held last year for pupils of the grade schools will again be held this year on a larger scale.

Miss Hiese plans also to start early in the year training individual students so that Kaukauna high school will have a good representation at the state music contest this year.

Many special programs are being planned by Miss Hiese in addition to her regular work.

POSSON TELLS ROTARY WHAT UTILITIES DO

Kaukauna—The regular weekly meeting of the Rotary club was held Wednesday noon at Hotel Kaukauna. Dr. Thomas Harrington of Milwaukee was a guest at the dinner and he gave a short talk. J. O. Posson of the city electrical department, was the principal speaker of the day. He talked on the origin and development of the public utilities in Kaukauna. He told of their needs at the present time, plans for future development and the service they are rendering at one of the lowest rates in the state.

PETERSEN SPEAKS AT RALLY IN KAUKAUNA

Kaukauna—Alvin B. Petersen, former chairman of the Republican state central committee is to speak at the Republican rally at 8 o'clock Thursday evening at the Kaukauna auditorium. Mr. Petersen will speak for Roy P. Wilcox, Republican candidate for United States senator to succeed the late Robert M. LaFollette.

DECORATE DEPOT

Kaukauna—Work was started this week on decorating the exterior of the Chicago and Northwestern railway depot on the south side. Several painters are engaged in the work, and it is expected that they will finish by the end of the week.

New London—The funeral of Mrs. Elizabeth Hoffman, whose body was conveyed here from St. Joseph hospital at Marshfield Tuesday morning, was held at the Congregational church at 11 o'clock Thursday morning with the Rev. H. P. Freeling in charge. Interment was made in Floral Hill cemetery. Mrs. Hoffman's early girlhood was spent in New London but she has lived at Stevens Point for the last 13 years.

She is survived by one daughter, Mrs. Effie Robertson, Milwaukee; two brothers, William Smith, Clintonville; George A. Smith, Selma, Calif.; two sisters, Mrs. E. W. Haykum, New London; Mrs. F. McCollum, Duluth.

MAKE WAUPACA HUNTERS LEASE HAUNTS OF DUCKS

L. F. Shoemaker, County Clerk, Still Without License Blanks for Nimrods

Special to Post-Crescent
Waupaca—L. F. Shoemaker, county clerk, was still awaiting the receipt of hunting license blanks from the conservation commission at Madison at noon Wednesday. As the hunting season for ducks starts Tuesday, Sept. 15, and that for partridges four days later, a large number of requests for licenses has been received.

Owing to the fact that land owners at the Gillis Landing marsh have become more and more strict during the past few years in regard to the trespassing of hunters, it has become necessary for hunters on these lands to secure hunting privileges by purchasing a lease for the purpose of hunting only. The same lands are also leased for trapping rights to these or other persons.

Instances exist where persons have leased a plot, then in turn have sublet the same plot to a number of friends who are privileged to hunt or trespass. The whole situation for the duck hunter in these parts is that one must have a license to hunt as well as a place, without getting into the snare of the law.

According to a report by Harry Balkansky of Waupaca, fruit store, last Sunday was the first in four years in which the store had been closed all day. Mr. Balkansky and his partner, Sol Minkoff, attended a Zionist celebration at Sheboygan.

The celebration at Indian Crossing Casino Labor day did not have as many people in attendance at the opening July 4. The number of contestants and those who danced was larger, however.

A tug-of-war took place after luncheon at the soldiers' home amusement. They would pull against "the world." About this time the "world" took up the challenge and with Roy Brooks an anchor man and F. W. Lukes as heaver, the "world" proceeded to pull the soldiers' home off its feet.

Emily Stump Gibbons, blind soloist, sang with the orchestra. Tom Guyant and his Night Hawks, who closed their engagement.

Winners in the various contests put on at the casino as part of the celebration were: Jack Dennis, Jud Powers, W. A. Honning, Russell Polley, C. Schroeder, William Lawrence, Guy Hare, Harold Bestul, Mrs. William Wocasek, Milwaukee, Ada Dennis, Elaine Terrig, Mona Block, Edna Farmer, Edna Potter, Evelyn Olson, Vego Rasmussen, John Cook, Martha Farmer, Carmen Barnes, Minor Wilson, Warren Bushey and Mr. Christensen. The prizes were donated by Waupaca merchants.

MRS. COOKE AGAIN IS HEAD OF MISSION CLUB

Kaukauna—Mrs. H. S. Cooke was re-elected president of the Women's Foreign Missionary society for the twenty-fifth year at the H. S. Cooke residence, 312 Catherine-st, Wednesday afternoon.

YOUTHS ACCUSED AS THIEVES FACE TRIAL

Special to Post-Crescent
New London—District Attorney Olin continued the hearing of Clarence Rousseau, Richard Bodah and Melvin Burton who were taken into custody last week charged with stealing gasoline and oil from the warehouse of the Farmers' Oil Co. Enough testimony was secured to bring the boys over to the November term of circuit court at Waupaca. Rousseau and Burton secured no bail so were taken back to the county jail at Waupaca.

VETERAN QUILTS HARNESS TRADE

Nick F. Kitzinger, Seymour,
Sells His Property to Doc-
tor and Monument Firm

Special to Post-Crescent
Seymour—Nick F. Kitzinger, veter-
an harness maker who has been in
the business 31 years on Main-st.
Seymour, has sold his property to
Dr. Clyde Heagle, veterinary sur-
geon and merchant of Seymour. The
doctor will improve the building
which is a 2-story frame structure
and will use it for his office and
store. The second floor will be finish-
ed for dwelling purposes. The lot is
large enough for a hospital in the
rear which Dr. Heagle has in mind
for future improvements. Mr. Kitz-
inger has 30 days to close out his
stock of harness goods when he will
retire to private life. The harness
business since the coming of automo-
biles and tractors, has become a
losing proposition.
Seymour Monument company owned
by George Delaney of De Pere, and
Frank Labinski of Seymour, has pur-
chased the stone garage and lot own-
ed by N. F. Kitzinger and located
next to the Kitzinger harness shop.
The new owners will conduct their
business there, taking possession at
once. The garage is occupied by
George Steva who will remain
there for sometime. The monument
business outgrew its quarters making
purchase of the Kitzinger property
necessary.

SAFETY ZONE SIGN FALLS ON PEDESTRIAN

E. P. Grignon, 719 S. Cherry-st. re-
ceived slight bruises about his left
leg shortly after 9 o'clock Wednes-
day evening at the corner of College-
ave and Onondaga when he was
struck by a safety zone sign that was
knocked over by a car driven by
Bradford Doering, R. R. 3, Appleton.
The injured man was immediately
taken to a physician by Mr. Doering
and the wounds were dressed. He
will suffer no ill effects from the ac-
cident.
The mishap occurred as Mr. Doering
was driving west on College ave. He
had stopped for the light signals on
the street intersection and in so
doing had locked the rear wheels of
his car, causing the machine to
skid against the safety zone sign.

OLD RESIDENTS LEAVE BRILLION

Mr. and Mrs. John Koch Move to Manitowoc After 30 Years in Village

Special to Post-Crescent
Brillion—Mr. and Mrs. John Koch, who sold their residence some time ago, held an auction Thursday of last week, disposing of the household goods. They will move to Manitowoc to make their future home. The family resided here for the last 30 years. Mr. Koch served as village president the last few years.
The Frank Winger shows scheduled to appear here the week of Aug. 24, failed to put in for appearance. No reason was given for the cancellation. The grounds were leased by them some time ago.
Mr. and Mrs. W. A. Koch have returned from a trip to Cleveland. Ohio. Mr. Koch was a delegate to the national convention of postmasters in that city. The couple visited his son Elmer, residing there, who is a cost accountant of the Typothetae of America.

Charles W. Buboltz of Appleton, who formerly resided here, has been conducting an auction at the George Schneider farm of a carload of horses. Mr. and Mrs. C. O. Krueger of Brillion, returned from Milwaukee after spending a few days visiting with Mr. Krueger's brother, Dr. S. Krueger. The couple also attended the state fair.

Mr. and Mrs. Edward Engel spent a few days at Milwaukee visiting relatives and attending the state fair.
Mr. and Mrs. Charles Jensen were at Milwaukee Sunday and Monday visiting relatives. Mr. Jensen took advantage of Labor day as he is a rural mail carrier and has rounded out 21 years as such.
Mr. and Mrs. C. H. Kuehl attended to Milwaukee last Saturday to visit their son Erwin.

James Levasch, blacksmith, is under the doctor's care, due to overwork.
William Peters and family have returned from Deerbrook after spending a few days with their daughter, Mrs. Frank Weigert.
Mr. and Mrs. Arthur C. Schroeder visited at Little Suamico over Sunday.

Mr. and Mrs. Peter Falck, who recently disposed of the Falck business here, are spending a few weeks at Loon Lake.
Mrs. Otto Schroeder and son attended the state fair last week.
Harry Ariens, who is subject to hay fever, is spending a few weeks at Stone Lake at his summer cottage, where he obtains relief.

Mr. and Mrs. Michael Kleiber returned Saturday from a western trip during which they visited John Puser in the southern part of Colorado. They also extended the trip to Yellowstone park.

Henry Leppla, superintendent of Brillion Lumber Co., and also manager of the Eagle River Lumber Co., is here looking after the company's business.

cue and launches into a tirade on the trouble with husbands.
She accuses you of so much interest in the other woman that you forget to bring home her watch from the jeweler. Vehemently you deny it, saying it's at the shop. Then you go to get it, only to discover that you've left it at the other girl's apartment. After it you go, to have the infuriated girl take a sprained ankle and swoon in your arms.
The effects of your little jaunt show all too plainly—two lip prints on your collar, perfume that insists on clinging, etc. That settles it—and you, as well.

Imagine all this and you have a pretty good idea of how Tom Moore must feel when his wife discovers him in just such a predicament in the Paramount picture, "The Trouble With Wives," opening a run of one day at Fischers Appleton theatre on Sunday.

The story is a screen original by Sada Cowan and Howard Higgin, directed by Malcolm St. Clair. Florence Vidor is the wife; Esther Ralston is the shoe designer and Ford Sterling of comedy fame, is the blundering college chum. All are featured.

Other prominent names in the cast are Lucy Beaumont, Edward Kennedy, Etta Lee and William Courtwright.

Also grand opening of vaudeville season with 4 acts of vaudeville.

PETER KYNE STORY NOW IN FILM FORM

"Never the Twain Shall Meet," Peter B. Kyne's enchanting story of the South Sea Islands, will be shown at the Elite Theatre today and tomorrow.

This picture, a Cosmopolitan production, directed by the celebrated French director, Maurice Tourneur, was pictured in Tahiti and Moorea, two of the famous islands of the South Sea group. The cast includes prominent players as Anita Stewart, Bert Lytell, Huntly Gordon, Justine Johnstone, George Seigmann, Lionel Belmore, William Norris, Laila Fitzroy, Princess Marie de Bourbon and Florence Turner.

Perhaps never in the history of movie pictures has there been a story filmed against such gorgeously beautiful backgrounds as those which appear in "Never the Twain Shall Meet." Filled with all the magic and romance associated with life in the South Seas, this photoplay sounds an entirely new note in the literature and drama of motion pictures.

STEWART'S NEW ROLE
Roy Stewart, co-starred with Kathleen Kirkham in "One-Eighth Apache," which comes to the New Bijou Friday and Saturday, is a remarkably versatile artist who, in his noteworthy screen career, has handled a wide diversity of roles.

But it is safe to assert that never before has he been seen to greater advantage than as "Brant Murdock," the husky young Easterner whose gameness and hardihood win for him the admiration and support of all with whom he comes in contact.

A versatile player was needed to capably handle the role of Brant Murdock, for the action of the storm makes strong demands upon even Mr. Stewart's limitless artistry.

He is seen first at his father's ranch. His father, a one-time plainsman who lives now on his tremendous ranch in the Western oil lands, has sent his son Brant, East to be educated.

ed. Brant was raised in an atmosphere of loggery, gold dinner plate, and twenty-dollar-an-ounce perfume. Naturally, when, for the first time he is thrown into contact with the West—and all that implies—the contrast rather startling.

Enjoy yourself, Valley Queen 12 Corners, Friday, Sept. 12.

Alice McCanna Crushed to Death as She Backs Away from Teasing Playmates

Alice McCanna, 11-year-old daughter of Mr. and Mrs. W. E. McCanna, 608 N. Durkee-st., was almost instantly killed at 7:10 Wednesday evening at the corner of N. Durkee and E. Atlantic-sts. when the rear wheel of a Standard Oil Co. truck passed over her body as the girl suddenly dashed into the street.

Although the city ambulance arrived on the scene shortly after the accident and rushed the girl to St. Elizabeth hospital, she was pronounced dead when taken there by Dr. W. E. Archer. Death evidently had occurred on the way to the hospital.

Alice and two of her girl friends, Romona and Victoria Schultz, daughters of Mr. and Mrs. Joseph Schultz, 614 N. Morrison-st., had been playing near the street corner with several small boys of the neighborhood. The boys, Leo Kofarnus, John Devine, Louis Sorenson and Dave Tretten, had captured a frog and put it into a box and wanted to show the frog to the girls but the latter became frightened and backed away.

BACKS INTO TRUCK
Another attempt on the part of the boys to show the girls the frog caused Alice to suddenly back off the curb into the street and against the left rear wheel of the passing truck. Leo Kofarnus, who saw his playmate heading directly toward the truck, made a futile attempt to grab her and pull her back. A moment later the wheel had passed over the girl's body.

The driver of the truck, John Stecker, 218 E. Winnebago-st., was exonerated from all blame for the accident. He was driving at a low rate of speed, and noticing the children at a distance, had slowed up still more. The girl had not left the curb until the truck had almost passed by.

Besides her parents, the deceased is survived by a sister, Ruth, and two brothers, Walter and Arthur.

Although she was partly deaf she was one of the brightest students in her classes, according to her teachers. The funeral will be held at 2 o'clock Saturday afternoon from the residence, 608 N. Durkee-st., with the Rev. Virgil B. Scott in charge. Interment will be in Riverside cemetery.

PAPER MACHINE INJURES WORKER

Norman VanderHyden Breaks Leg in Two Places When Carried onto Rollers

Norman VanderHyden, 322 N. Richmond-st., was confined to St. Elizabeth hospital with a broken leg and bruises as the result of a terrifying experience at 4:30 Wednesday afternoon while at work at the papermill of Riverside Fibre & Paper Co. His condition showed some improvement Thursday.

VanderHyden was caught between a roller and the felt blanket of a paper machine and he was carried around the cylinder several times before other mill workers could rescue him. It was at first thought that his injuries were so serious as to perhaps be fatal but the attending physician found this was not the case. His left leg was broken in two places above the knee and he suffered numerous bruises.

SELL USED BOOKS TO CUT EDUCATION COSTS

Another effort on the part of Appleton high school authorities to reduce the cost of high school instruction as much as possible to all the students this year is meeting with success. The high school in cooperation with the H-Y club is conducting a second hand book sale and exchange in the halls this week, with J. W. Fugh, boys work secretary of the Y. M. C. A., and the club leader, in charge of the work. Mr. Fugh also is taking an active part in aiding the boys in the selling work. About 250 worth of used texts were sold to students on Tuesday, the opening day, and it is expected that this sum was exceeded on Wednesday and Thursday.

POLLUTION OF RIVER PROBED BY GAME CLUB

Samples of Water Taken from River Sent to Madison for Analysis

An investigation into the cause of pollution of the Fox River resulting in the killing of hundreds of game fish, is being conducted by the Outagamie Fish and Game Protective association. Following word sent to Elmer S. Hall, conservation commissioner, by H. L. Bowly, secretary of the association, a representative of the

CITY WATER IS PURE CHEMICAL TESTS SHOW

Alleged pollution of water in the Fox river has in no way affected the purity of water served by the Appleton Water department, it was declared Thursday by A. J. Hall, city chemist and superintendent of the water plant. Mr. Hall said that tests showed the water to be absolutely pure.

Stream pollution, however, has added to the difficulties at the camp and the employees are putting in long hours to maintain the water at its high standard of purity. The water is given greater aeration and filtration has been slowed up to make sure that all impurities are removed. Samples of the water sent to Madison for testing, in order to check up on the analysis made here, showed that the water is absolutely pure.

state conservation commission is expected here before the end of the week.

Samples were taken from three places along the river, above the Menasha bridge, below the Menasha locks and near the Cherry-st bridge. The samples were taken by Lewis Jeske, conservation warden.

The investigation was started early this week when it was discovered that dead fish by the hundreds were floating down the river and into the canal, even partially blocking the locks in several places.

Veteran fisherman, who were desirous of determining the cause of this wholesale killing, examined the water above the locks and below the Menasha and below and charged that the pollution was due to waste poured into the river by the mills.

BUILDING PERMITS

Building permits authorizing the construction of an addition to a residence and a garage at an estimated cost of \$950 were issued Wednesday by George Peotter, building inspector.

The permits were:
Louis Mikschl, addition to residence at 1013 W. Lawrence-st.
Sylvester Mullen, garage at 835 E. John-st.

The northern "flow" is in position to dominate weather conditions in this section tonight and Friday, with unsettled and showery weather and moderate temperatures.

DISCUSS PLANS FOR DEDICATION OF NEW SCHOOLS

Board of Education Not Ready to Set Date for Dedication Programs

Plans for dedication of Wilson and Roosevelt junior high schools were discussed at the September meeting of the board of education Wednesday afternoon at the office of Superintendent B. J. Rohan in Lincoln school. It was planned to have prominent speakers deliver addresses at dedication of the new buildings. President Elias Evans of Ripon college was suggested as a dedication speaker for the Wilson school and Phil Grau, former secretary of the Milwaukee Association of Commerce was mentioned as a possible speaker for the Roosevelt school dedication. There also will be a dedication program at the McKinley school in the Fourth ward, where a junior high school unit is being built, but this will not be until later as it will be some time before the unit is ready for occupancy. No definite date has been set for any dedication program as some of the equipment such as chairs, tables, and other smaller articles has not yet arrived, and it is the desire to the superintendent and school board to have the schools fully equipped when they are dedicated.

FOUR NEW TEACHERS

Four new teachers have been engaged since the last board meeting it was reported by George H. Packard, chairman of the teachers and text committee. They are Grace Williamson, Appleton; Frances Palmer, LaCrosse; Minnie Bitter, Appleton; and Dora Kelley, Lake Geneva.

Completion of repairs on the heating plant of the senior high school was reported by W. H. Kreiss, chairman of the building and grounds committee. J. A. Engel did the repair work on the heating system according to plans prepared by the C. L. Dunham Co. Milwaukee heating engineers. The use of the basement of the Moose hall, N. Morrison-st. and E. North-st., for high school musical organizations was secured through the efforts of the building and grounds committee headed by Mr. Kreiss. This committee reported that the repair work on the roof of the senior high school had been completed.

The board unanimously elected Carlton Sackee as a member of the vocational school board to fill the unexpired term of his father, the late Herman G. Sackee.

Bills for August were allowed with the exception of the J. A. Engel bill for repairing the heating system of the senior high school, and this probably will be allowed after the heating system has been tested. It was decided to give Mr. Engel a sum not to exceed \$1,000 immediately, and the balance of the bill to be paid after the heating system has been tried out.

"Junior high school bills for August totaled \$3,880.27, while those for the senior high school, excluding the Engel bill, amounted to \$1,520.18. August bills for the administration office were \$137.07.

It was decided to engage clerks for A. G. Osterhaus, principal of the Roosevelt junior high school, and Dr. M. H. Small, principal of the Wilson junior high school as the office work in the new schools is more than the principals will be able to handle alone.

The matter of planting shrubs and trees on the grounds of the Wilson and Roosevelt schools was discussed but no definite action was taken.

Dame Autumn Will Enter City's Portals Tonight

Autumn is here! Perhaps the calendar does not say so officially but thousands of Appleton persons will indicate it by their presence on College-ave at 7:30 tonight when the merchants hold their formal fall style opening. The weather man favored the city in its welcome to the new season and it is expected that most of the population will be downtown to take part in the festivities.

Miss Fall Fashion and Mr. Fall Fashion spent the afternoon primping for an evening on the College-ave sidewalks, for they are to be sought by many who desire to earn prizes of \$12.50 for finding each. Lips are rehearsing the expression, "You are the mysterious Miss (or Mr.) Fall Fashion" so they will be ready to spring the words when either of the characters pictured in this paper the last few days is discovered.

Ten leading motorcar dealers of the city will run out a fleet of glistening new models for the style opening parade. The procession moves west on College-ave from Lake-st promptly at 7:30, going as far as Cherry-st and then back to Drew-st. Chief George T. Prim for the police department will be marshal of the parade. The 120th Field Artillery band will provide the music and will play in concert downtown afterward until 9 o'clock, when the pavement dance starts on S. Morrison-st. off College-ave. One-hundred pounds of corn meal has been spread so as to make the dance "floor" smooth.

None of the apparel shops will be open Thursday night but their windows will display the new fall modes in coats, dresses, hats, shoes, hosiery, suits and other articles. The windows will be lighted after the crowds arrive and will be kept aglow until the activities are over.

Appleton Advertising club has supervision over all the arrangements.

CHURCH GOES BACK ON ITS REGULAR SCHEDULE

First English Lutheran church will resume its regular schedule, beginning Sunday, Sept. 13. The Sunday school and adult Bible class will open at 9:15 Sunday morning and church services will be held at 10:30.

The first meeting of the choir will be at 7:30 Friday evening and there will be a meeting of the Brotherhood of First English Lutheran church at 7:30 Tuesday evening, Sept. 15. There will be a meeting of the Ladies Missionary society at 2:15 Thursday afternoon and the senior and junior catechetical classes will begin their work at 8 o'clock Saturday morning, Sept. 19.

PARENTS WARNED TO CHASE AGENT FOR TEXT BOOKS

School Superintendent's Office Hears Alleged Swindler is Operating Here

Another type of swindler has been fleecing the people of Appleton during the summer months and has been making a success of his operations, according to information at the office of the city superintendent of schools. An agent is said to be making the rounds of Appleton homes selling reference books for junior high school students, making the statement that the book is authorized by Miss Carrier Morgan, assistant superintendent of schools, and that it was required in all the junior high schools of the city this year.

He is said to have used Miss Morgan's name when people questioned him. He charged \$10 each for the texts, transacting a large business here.

Miss Morgan received her first information of the alleged swindle when mothers told her they could not pay for the text at the present time and made inquiries about it. Ernest Schulz, principal of St. Paul Lutheran school, was the first to call it to her attention officially when one of his pupils asked him about a reference book he did not have on his book list for the year, stating that he was about to purchase it. Miss Morgan issued a warning to parents of junior high school students on Thursday.

"I have not seen the book nor the agents and have made no authorization for any such sale," Miss Morgan said. "I wish to warn parents against the purchase of any reference book without inquiry about it at the junior high schools or city superintendent's office."

BETTER PROGRESS ON LARGE SEWER

Contractor Finds Less Rock to
Blast as Workmen Continue
Trenching

Menasha—Work on the new sewer project on Keyes-st which has been under way for several months is progressing more rapidly now that the rock is beginning to disappear. At one time the men were working in nine feet of rock which has divided down to four feet. The intersection of Elm-st has been reached and the blasting continues daily with very little interruption. While glass in homes near by has been broken and roofs damaged in several instances by falling rock a remarkable thing is that no one has been injured by the rock since the work commenced. This is due to the precaution taken in discharging the heavy planks in the trench to prevent the rock going into the air. A whistle was a precautionary measure is blown just before each blast.

SOCIAL ITEMS AT MENASHA

Menasha—C. W. Pierce was the guest of honor Tuesday evening at a birthday anniversary party given at his daughter, Mrs. A. W. Borenz at the Borenz summer cottage on the shore of Lake Winnebago. Cards were played and the prizes were won by Mrs. John Walter, Mrs. Ben Plover, Mrs. J. P. Hrubetsky, Fred C. Walter and Lawrence Kraft. Mr. Pierce is 73 years of age and has lived practically all his life in Menasha.

Mr. and Mrs. Charles Dorn entertained 30 friends at cards and dancing Tuesday evening at their new summer home in West Menasha. Schafkopf and whist were played and the honors were won by Dot Schea, Mrs. Walter O'Brien, Mrs. Paul Malchow, Mrs. Marker and Mrs. Dorn.

The Ladies Auxiliary of the Catholic Order of Foresters will hold a meeting at St. Mary school hall Thursday evening. The business session will be followed by cards.

John Eckrich was elected chief ranger at the annual meeting of the Catholic Order of Foresters Tuesday evening. Other officers elected were: Vice chief ranger, Emil J. Bagnasco; speaker, Frank Edgely; recording secretary, William G. Tuchscherer; financial secretary, John Sues; treasurer, Joseph Schlegel; trustee, Joseph Liebhauser.

The next open air dance in Riverside park will be given Monday evening by Neenah Aerie of Eagles. Music will be furnished by the Mellorim-bia orchestra of Appleton.

Menasha—Sacred Heart Mission club entertained a large number of friends at a card party Wednesday afternoon and evening in St. Mary school hall. The prize winners were:
Afternoon—Schafkopf, Mrs. J. Volt, Mrs. E. Wedig; bridge, Mrs. Anna Schreiber, Miss Armella Remmel, Mrs. S. Siehr; whist, Flora Lloyd, Mrs. Mary Hachstoch.

Mrs. Rudolph Meyer, who is about to join her husband at Ashland, was tendered a farewell party Wednesday evening by a group of friends at her home on Third-st. Cards were played and the prize winners were: Schafkopf—Mrs. Frank Lickert, Mrs. A. Gooser, Mrs. John Jacobson; bridge, Mrs. Stephen Heup, Mrs. Joseph Liebhauser; whist—Mrs. William Redlin, Mrs. Veronica Brezniska. Prizes in a guessing contest were awarded to Mrs. Leo Sues and Mrs. Paul Picard.

MENASHA HIGHS HAVE 8 GAMES SCHEDULED

Menasha—Coach Nathan Calder of Menasha high school has announced eight football games on the fall schedule. They are: Sept. 19, vocational school; Sept. 25, Menasha alumni; Oct. 2, Two Rivers at Two Rivers; Oct. 10, Kaukauna at Menasha; Oct. 17, open; Oct. 24, New London at New London; Oct. 31, East De Pere at Menasha; Nov. 7, West De Pere at West De Pere; Nov. 14, Neenah at Neenah.

LITTLE CHANGE IN H. S. ENROLLMENT

Menasha—According to O. H. Plenzke, superintendent of schools, the high school enrollment is about the same as last year. The attendance in the intermediate grade in the high school building, however, has increased to such an extent that an additional teacher will be necessary. School work is now in full swing and the total enrollment of pupils will be within the next few days.

INSPECT ENGINE

Menasha—J. H. Kuester, superintendent of water and light distribution, left for Auburn, N. Y., Wednesday night to inspect a Diesel engine that was recently installed. He will return the latter part of the week.

DR. DEL MARCELLE ABLE TO PLAY CARDS

Menasha—A party of Menasha friends visited Dr. C. C. Del Marcelle at the home of his parents at Green Bay Wednesday and found him in excellent health and spirits. He was able to take part in a game of cards while occupying a wheel chair, they said. Returning they shipped their automobile from Buffalo to Detroit, and from there came direct home, reaching here by the time their week was up.

YOUNG MENS CLUB TO HOLD FIRST MEETING

Menasha—The Young Men's club of St. Mary church which has just opened its clubrooms in St. Mary school building for the coming season will hold its first meeting Thursday evening, Sept. 24, at which time the year's program will be discussed. Since the clubrooms were closed in June members installed three new pool tables, making four in all, and they have also one billiard table.

WOODEN WARE PLANT IS THREATENED BY FIRE

Menasha—The fire department was called to the Menasha Wooden Ware company's saw mill at 1:30 Thursday morning to extinguish a blaze that threatened the destruction of a stove saw. The fire is supposed to have started from a hot box, but was discovered by the night watchman before much damage was done.

ASST. POST MASTER IS ILL WITH APPENDICITIS

Menasha—William E. McCready, assistant postmaster, was taken ill with appendicitis while on duty at the postoffice Wednesday afternoon and at 8 o'clock in the evening was rushed to St. Elizabeth hospital for an operation. The operation was an extremely critical one inasmuch as his appendix had ruptured. His condition Thursday was favorable for recovery.

Enjoying Trip

Menasha—E. R. Jude has received a postcard from J. C. Hrubetsky who with H. E. Landgraf and Clarence Loeschner on their automobile trip to Niagara Falls and Canada. The card was written at London, Canada, which the writer said they reached without a mishap. They drove from Menasha to Milwaukee, where they shipped their car by boat to Grand Haven, Mich. From Grand Haven they took a direct course to London which they reached early in the week. From London they expected to go to Niagara Falls and other points of interest in that part of the country.

MENASHA YOUNG MAN IS MARRIED AT MARSHFIELD

Menasha—Harold Smith, son of Mr. and Mrs. Frank Smith, 132 First-st., and Miss Hazel Brandt, daughter of Mr. and Mrs. Albert Brandt, of Marshfield were married at 4 o'clock Wednesday afternoon at the home of the bride's parents at Marshfield. The ceremony was performed by the pastor of the Methodist church of that city, Miss Evelyn Brandt, sister of the bride, was bridesmaid, and Curt Smith, brother of the bridegroom, was best man. The ceremony was attended by 25 relatives and friends. Mr. and Mrs. Smith left on a two weeks' trip and upon their return will make their home in Menasha. The groom is employed as shipping superintendent at the plant of the Menasha Printing & Carton company. Among the out of town guests who attended the ceremony were Mr. and Mrs. Frank Smith, the Misses Hazel and Pearl Smith, Curt Smith, Menasha; Mr. and Mrs. Clarence Smith, Appleton; and Miss Marie Smith, Neenah.

WOMAN GIVES ADDRESS IN BEHALF OF WILCOX

Menasha—Mrs. R. W. Bowen of Augusta, Wis., first vice president of the Republican state executive committee, addressed a fair sized audience at S. A. Cook armory Wednesday evening. She spoke in the interest of the campaign of Roy P. Wilcox for United States senator and discussed state and federal taxation; criticized the present state administration and touched on other issues of the campaign. Senator George Blanchard of Edgerton will speak at the armory at 8 o'clock Friday evening. His address also will be in the interest of Mr. Wilcox's campaign.

M'GOVERN UNABLE TO FIND PLACE TO SPEAK

Menasha—Unable to locate the place at which he was to speak at noon Wednesday in Neenah, because his local manager was out of the city, Francis E. McGovern, former governor and a candidate for United States senate, gave a short talk to about 50 employees at the plant of Menasha Wooden Ware company at 12:30.

He touched briefly on state and national issues and criticized the group in control of the state legislature. He favored conservation of natural resources and either the repeal or amendment of the Esch-Commins law. He approved the economic program of President Coolidge and a further reduction in federal taxes.

CLINTONVILLE TRUCKS IN RUSSIAN TEST RUN

Clintonville—Two trucks of the Four Wheel Drive Auto Co., this city, are entered in free-for-all tests of motor vehicles which are being made in Russia to determine what equipment is most adaptable to conditions there. About 50 machines are entered and they are required to make a journey of 1,200 miles over all kinds of roads. The truck route is from Leningrad to Kharkov and then back to Moscow. Alex Seaman, representative of the Clintonville company, who went to England in May, is in charge of the trucks used in the demonstration. He had to make several jumps by airplane in order to reach Leningrad in time for the start of the test. A dehooster gear needed for one of the machines also had to be sent part way by airplane. The shipment traveled 5,000 miles in 20 days.

HIGHWAY BOARD FILES FINDINGS IN BRIDGE PROBE

Estimated Cost of New Structure Is \$140,000, State Commission Says

Neenah—Neenah now is sure of securing state aid for construction of a bridge over the Fox river, according to findings made by the state highway commission following a hearing held in this city last winter. The following report was made:

"1.—That the allegations made in the petition from the Winnebago-co board are true; that the bridge is located in a city of the fourth class, on a street forming a direct connection between portions of the state trunk highway system over the Fox river, a navigable stream; and that the construction of the bridge is necessary."

"2.—That the bridge shall be reconstructed in the same location as the existing bridge."

"3.—That the bridge at such location will necessarily be more than 300 feet in length, not including approaches, that is 324 feet in length more or less, and is, therefore, of the length necessary to be eligible to reconstruction under provisions of section 57.04 of the statutes."

"4.—That the character and kind of bridge adapted to the location is a reinforced concrete bridge of approximately the full street width that is, approximately 63 feet, including both sidewalks and roadway."

"5.—That the county especially benefited by the said construction is Winnebago-co."

"6.—That the estimated cost of the said bridge is \$140,000. And the state highway commission hereby certifies that the proportion of the cost of the said bridge to be paid by Winnebago-co is one half thereof, or \$70,000, and certifies to the state treasurer and the secretary of state that the amount to be paid by the state is the same sum."

"And the secretary is hereby directed to file and certify this finding and determination with the county clerk of Winnebago-co and with the state treasurer and secretary of state, as required by law."

A copy of the findings were received Wednesday by Mayor George Sande and George Manuel, county clerk.

Does the range you are now
trying to get along with—

1. Take too long to heat the oven to baking temperature? Does it? Does this annoy you and interfere with other duties?
2. Does the oven heat evenly when it reaches (in time) the desired temperature? Are you sure?
3. How much hotter is the upper half of the oven?
4. Why must you continue to place certain baking on a higher rack—to brown?
5. Why, every time you heat the oven, does it take so long and use so much expensive fuel.

The FLAPPER WIFE

by Beatrice Burton

(Continued From Yesterday)

He stopped and lighted a thick cigar.

"I think that, three months' training, I could make you into a pretty nifty chorus girl. But you'd have to work and work hard," he said. "How about it?"

Gloria was scarcely breathing. She trembled with excitement.

"I've made many an actress out of a nobody in my time," Lingard went on. "And show and plenty of advertising will make any girl a star, overnight. All she needs is the looks - and you've got 'em, be lieve me! I could always fall for a redhead, kid!"

His voice grew suddenly thick. He got up from his chair. With the eyes of a dove, that watches the approach of a serpent, Gloria watched Lingard come around the table toward her.

He put one of his big hands under her chin, tilting her face up toward him. Gloria struggled hard not to be afraid. After all, what could happen. . . .

"I'm going to put you across as the latest chorus-girl in America," Lingard said. "How about it?"

It took all of Gloria's courage to smile up at him. But she did - ravislingly.

Lingard pulled her suddenly to her feet. He crushed her in his big arms. His mouth passed over her face, covering it with kisses.

Gloria tore herself away from him. "Please don't, Mr. Lingard," she cried out. "You've no right to do that. . . ."

She rubbed her lips with her handkerchief.

Lingard laughed. He moved toward her. . . .

"Two good to live, aren't you, honey?" he asked cheerfully. "That's what they all say! . . . What do you think the world's made of? What do you think I'm giving you a job in my best show for? For the joy of doing good in the world? You make me laugh!"

He seized her in his arms again, almost lifting her from her feet.

The struggled together, bumping against the table. Gloria made a wild sweep with her hand, and picked up Lingard's highball glass. She leaned back and dashed it in his face.

In stantly he let her go, his face dripping.

"You little fiend," he roared, "what are you trying to do?"

He took out his handkerchief and wiped his face. His cheek was bleeding where breaking glass had cut it.

He was out of breath, and furious - angry. But his eyes were puzzled. He couldn't understand Gloria's attack on him. His simple code was that you offered a service to the woman you fancied. . . . and that she paid.

He rang the bell for the waiter. Then he walked over to the window. "Get the lady a taxi," he said, with out turning around.

As Gloria followed the waiter out to the street, she knew that her last chance to star on Broadway was gone, forever! She was utterly beaten. . . . But suddenly she didn't care. She wanted nothing but home - and Dick. They seemed a million miles away! Her own room! The sights she knew! Home!

The Gloria who unlocked the door of her own house a few days later was not the defiant young creature who had left it three weeks before.

The old Gloria would have come swinging up the steps, singing a bit of rag-time. This one crept into the house warily. The grandfather's clock in the hall struck the hour as she came in.

Gloria looked up at it. She had learned a thing or two since she had last heard the striking of that clock. She looked around the corner of the door into the living room. There in his arm-chair, sat Dick!

"I knew it was you," he said.

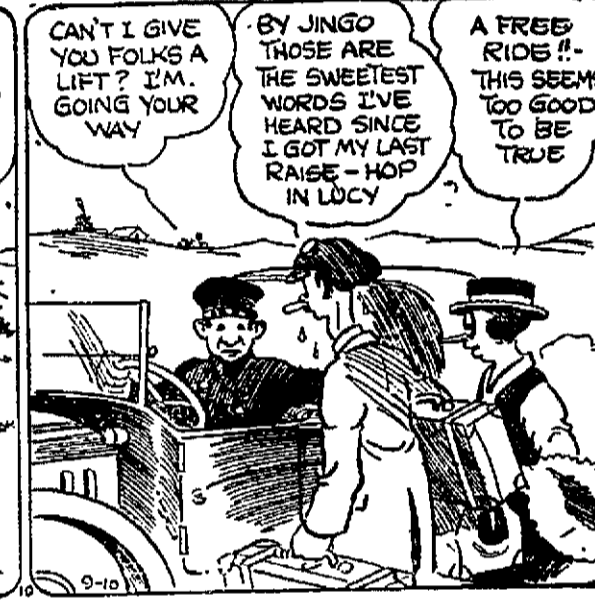

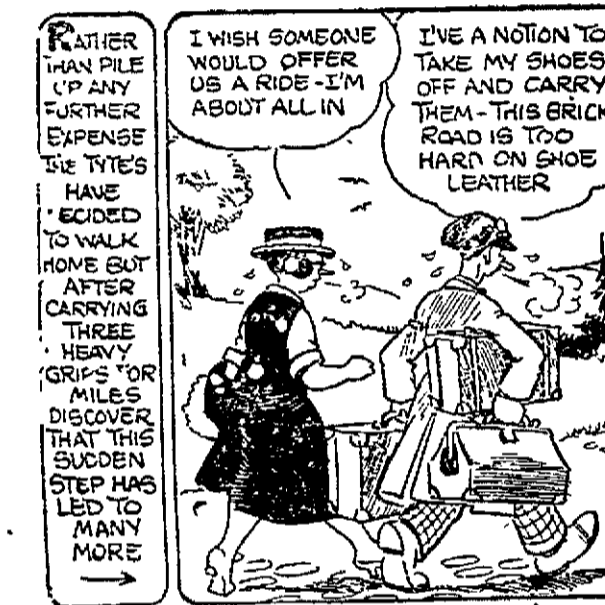

"Dick," Gloria said. "I've come home to you!"

She took no step toward him - only looked at him with unhappy eyes, wondering what he would do or say.

Dick gave a short laugh. "So I see," he said.

There was no warmth in his voice. All the way home from New York Gloria had longed for this moment.

SUNDAY'S GAMES
Chilton at Fond du Lac.
Plymouth at Oshkosh.
APPLETON at CAMPBELLSPORT.

An important change in the standings of the Eastern Wisconsin loop, affecting especially Fond du Lac and Appleton, may take place at a meeting of league directors at Hotel Reliance at Fond du Lac at 8 o'clock Thursday evening. Representatives of the Plymouth club will protest the Plymouth-Appleton game at Brandt park last Sunday, which was won by the Baetzmen, on the grounds that Pocan, local hurler, used resin on the ball, a thing barred in this loop.

Pocan was seen to reach into his hip pocket at times during the tilt and near the close of the game with Plymouth leading 3-1, Elmer Schabo, base umpire, started an investigation, which had no definite results at that time. When the ball was tossed to Harry, "Dutch" Sylvester, old major loop player, he declared that it was merely dirty after a thorough investigation. However, Plymouth decided that the local hurler had been using the forbidden stuff and filed a protest with Secretary C. L. Preontaine.

If the protest goes through, Appleton may be back in fourth place and Fondy will have a little chance of taking the title. At present the Senators are only a half-game behind Plymouth while the result of the protest may put them over a game behind, with two tilts to be played. It is doubtful, however, if the Plymouth men can prove their allegations.

HAVE SLIM CHANCE
Less than two games behind first place as the standings now read the Papermakers have a slim chance at the hunting and a good chance of finishing in second place, with two games to be played. Appleton plays at Campbellsport Sunday and then the curtain goes down with the locals battling the second place Fondy crew at Fondy. Plymouth plays Oshkosh Sunday and with Bruce Noel hurling for the home crew another upset for the loop leaders is probable. Fondy encounters the Chilton crew Sunday in another real ball game. Chilton won their last three starts 16-0, Oshkosh out of third place last week. Two weeks ago this gang beat Plymouth at Plymouth, 10-1 and both Flood and Elliot leading hurlers of the loop, were used against them. Last week Campbellsport lost a double header to this crew. They have the edge on Fondy, having beaten the Senators two out of three games this season.

LOCALS AT CAMPBELLSPORT
Appleton hits the cellar champ Belles, a team that though on the bottom makes every opposing crew in the loop play over their heads to win. The Belles have lost more tough break and score margin games than any crew in Wisconsin this year and still they come up for more and make the big attempt to win each game. Appleton was lucky to squeeze out a 7-5 victory at Brandt park in the last game between the teams, driving over four tallies in the final frame to win and the locals will have a much harder fight on their hands at Campbellsport. Hildebrand, star Belle hurler, is in great shape and can beat most of the loop teams with all breaks even.

PROBABLE LINEUPS WILL BE:
Appleton—C. T. Tarnow, 2b; Gosha, 1b; Lamers, ss; Klundt, rf; Schultz or Pocan 3b; H. Tarnow, Pocan or Crowe, cf; Baetz or Radtke, lf; Last, c; Pocan, H. Tarnow or Crowe, p.
Campbellsport—Quasius, 3b; Rosenheimer, ss; Schramm, c; Norris, cf; Carr, rf; Vande Zande, lf; Miller, 1b; Warnkey, 2b; Hildebrand, p.

IRON MOUNTAIN—The strongest aggregation of gridiron warriors ever moulded together in Upper Michigan will represent Iron Mountain on Sunday in the game at Green Bay against the Packers, champions of the Northwest.

It would be quite a feather in the hat of Iron Mountain if its football team could knock off the Big Bay Elites and this is just what Manager Edlitz is aiming to do. The management is spending a lot of money for its players and candidates, who have been working out for two weeks, are rounded into mid season form.

Four former Packers will be in Iron Mountain's line up in Sunday's game. Rossatti and Jab Murray will play the tackle positions. Wallie Newman is to pass the ball at center while Hearden is one of the backfielders. All these men have seen a lot of service with Green Bay and it is figured that they will break up the Bay's much-famed air drive.

LE FLEUR TO PLAY
But the four ex-Packers are not the only stars in the locals' outfit. Joe La Fleur, who was with the Packers for three years, is going to play fullback. He lives in Escanaba and Iron Mountain has signed him for the season. La Fleur, in his college days was a star at St. Norbert's in De Pere and is well known to the Big Bay football colony.

STAR BLUE HALFBACK INJURES WRIST AGAIN

With early football practice only a week away, Capatin Eddie Kotal, Midwest halfback of the Lawrence grid squad, may be on the shelf for at least two weeks as the result of an injured right wrist. Eddie hurt the wrist sliding home on a close play in the final game of the city football championship between the Y. M. C. A. and the Legion Tuesday night and the injured member became so painful that he was unable to pass a football on Wednesday.

The Blue captain broke a bone in the wrist while playing with the Illinois grid gridders in 1922 and he was troubled with the injury for over two months. However, Eddie expects to take good care of his latest injury and expects to be ready for active service in a few weeks.

BLUES, CARROLL MEET IN ORANGE HOMECOMING TILT

8 Vets of 1st Crew, 10 Second Stringers to Report to Coach Armstrong, Sept. 16

Waukesha, Wis.—(P)—Carroll college, with eight members of the 1924 first eleven returning for football, will open its season, Sept. 16. The call for candidates is set for that date and as the first game of the season is but ten days later, an intensive drill is contemplated. In addition to the eight members of the first team, coach Norris Armstrong will have ten members of last year's second squad.

THE SCHEDULE
The season's schedule:
Sept. 26, Great Lakes at Waukesha.
Oct. 2, Milton at Milton.
Oct. 10, Milwaukee Normal at Waukesha.
Oct. 17, Northwestern College at Naperville at Waukesha.
Oct. 24, Lake Forest college at Lake Forest.
Oct. 31, Northwestern of Watertown at Waukesha (Little Five).
Nov. 7, Homecoming game with Lawrence at Waukesha (Little Five).
Nov. 14, Ripon college at Ripon (Little Five).

the last game between the teams, driving over four tallies in the final frame to win and the locals will have a much harder fight on their hands at Campbellsport. Hildebrand, star Belle hurler, is in great shape and can beat most of the loop teams with all breaks even.

PROBABLE LINEUPS WILL BE:
Appleton—C. T. Tarnow, 2b; Gosha, 1b; Lamers, ss; Klundt, rf; Schultz or Pocan 3b; H. Tarnow, Pocan or Crowe, cf; Baetz or Radtke, lf; Last, c; Pocan, H. Tarnow or Crowe, p.
Campbellsport—Quasius, 3b; Rosenheimer, ss; Schramm, c; Norris, cf; Carr, rf; Vande Zande, lf; Miller, 1b; Warnkey, 2b; Hildebrand, p.

IRON MOUNTAIN—The strongest aggregation of gridiron warriors ever moulded together in Upper Michigan will represent Iron Mountain on Sunday in the game at Green Bay against the Packers, champions of the Northwest.

It would be quite a feather in the hat of Iron Mountain if its football team could knock off the Big Bay Elites and this is just what Manager Edlitz is aiming to do. The management is spending a lot of money for its players and candidates, who have been working out for two weeks, are rounded into mid season form.

Four former Packers will be in Iron Mountain's line up in Sunday's game. Rossatti and Jab Murray will play the tackle positions. Wallie Newman is to pass the ball at center while Hearden is one of the backfielders. All these men have seen a lot of service with Green Bay and it is figured that they will break up the Bay's much-famed air drive.

GOLF As Champions Play It

Loose Impediment WITHIN A CLUB'S LENGTH OF BALL

MAY BE Removed

What is the definition of "loose impediment" and what does the rule book say should be done about it?

BY BOB CRUICKSHANK
One of America's greatest Players
The term loose impediment denotes any obstruction not fixed or growing and includes dung, worm-casts, molehills, anthills, snow, ice and loose stones.
Rule 12 says:
(1) Any loose impediment lying within a club length of the ball and not being in or touching a hazard, may be removed without penalty; if the ball move after any such loose impediment has been touched by the player, his partner or either of their caddies, the player shall be deemed to have caused the ball to move and the penalty shall be one stroke.
(2) A loose impediment lying more than a club length from the ball may not be moved under penalty of loss of hole, unless the loose impediment be on the putting green.

Dave's Dots And Dashes

Appleton high school has a likely looking bunch out for its 1925 football squad and under the direction of McAlliff, a fighter from the start to finish, should develop a team that will make several close boys step to win. Mac has the boys putting in plenty of real work as a conditioner and when his squad takes the field against La Crosse in the first battle, the border city crew will have a fight on its hands, all predictions for an easy win for the Finley-men to the contrary. Mac likes his line and says he has fair but green backfield material. We expect to see a team that will be in the running for the conference title when start to finish. Watch Mac's boys FIGHT!

A little dope on two of the Orange's biggest rivals.
East Green Bay, winners of the valley conference football title in 1924, will be back in the field with another strong team. Coach Wiley will lose his pair of giant tackles and a couple of his best backfielders but he has some youngsters who may burn up the gridiron when the whistle blows.

Candidates for Marinette high's football team are being put through an extensive course of sprouts by Coach Tom Johnson and assistants. The Northerners are being drilled at top speed these days as two of their games having a bearing on the state championship come early in the season, including a tilt with La Crosse.

With the city title settled practically all football play is done for the year. The Legion and the "Y" gang sure put up one merry battle for the honors, the Triangles covering themselves with glory by holding their opponents to less than a dozen hits and only 10 runs in two games, as the Legion sluggers are the best in the valley in our estimation.

Milwaukee boxers who cannot get bouts at home will always be able to connect in Appleton, according to a prominent Milwaukee sport scribe. He says that a well-known Milwaukee man is connected with the A. A. C. We hate to say anything about sour grapes, but if Appleton can secure Milwaukee's best, as good as any in the middleweight, while the Cream City has to import talent often not half as good as home boys, we say go to it. The local opening card looks to be about the class of any staged around here in many years and has a few of the latest Milwaukee squabbles beat a mile.

A comeback spirit is a thing to be admired in baseball and the local E. V. loop team sure has it. Losing a tough battle to Fondy a couple of weeks ago, the Papermakers shot their chances for the pennant, yet they came back last week to beat the loop leaders, Plymouth, and the crack Sawdust city crew in a row, giving them a fighting chance. Wherever Appleton finishes in the loop chase and whatever local fans have to say about the squad, they cannot say that the locals are not a fighting crew.

SENATORS START STRETCH IN LEAD

As the American League clubs swung into the last month of play, the Senators had a lead of 3½ games over the Athletics. They had five

ELECTRIC CITY GRIDDERS START WORK ON TUESDAY

Coach "Tiger" Smith Pessimistic as 13 Vets, Including Backfield, Are Lost

Kaukauna—With 12 veterans of the crack Kaukauna high school grid squad of 1924 on the sidelines through graduation and another ineligible, Coach "Tiger" Smith started work on his 1925 hopes Tuesday afternoon. Of the 40 men reporting 11 have seen service in several games last year and several more showed good stuff in the early training last spring. Coach Smith will have his men fairly well trained in fundamentals through his work last spring. Most of the boys also attended the "Y" camp at Highland last two weeks which they worked on going over exercises, fundamentals and the new rules. However, the Orange and Black prospects probably will devote this week to setting-up exercises and fundamentals.

MANY VETS LOST
While Coach Smith is making no promises for his 1925 squad he admits that prospects could be much brighter. Letter men of last year lost to the squad include: Curtiss "Curly" Beyer, end; "Red" Peters, Center; Arnold Licht, tackle; "Fat" Ditter, Cornelius "Corn" Mayer, and Sylvester "Yes" Dix, halfbacks; Glen "Midget" Miller, quarterback; Ray Smith, end; William Glasheen, guard; Muriel Kern, tackle; William Woelz, end; Roy Darling, guard. This week including practically the entire 1925 backfield, and a pair of good ends, guards and tackles. Another guard, Jack Tullock, is ineligible.

Old men expected to report include such stars as Neil Gonyo, Wally Kilgus, Doty Bayoregon, Mac MacCrorie, Jack Farwell, George Boyd, "Nubs" Nole, "Bones" Licht, Jack Verbeten, Abe Goldin and Willis Miller. Boys who showed the stuff that makes good players are James McFadden, Lloyd Derus, Luther Hallock, Joe Vils, Ray Donner, Marvin Miller, Clifton Kenny, Myron Esler, Hollis Wiltman, Patry Lehrer, Sam Adams, Louis Hishon, Edward Copp, Howard Paschen, Alvin Kronforst, Cub Farwell, Richard Ferguson, Edward Hitting, William Ashe, E. Hansen and String Landreman.

HAVE TOUGH SCHEDULE
The Orange and Black have one of the hardest schedules in years, with West Green Bay, Two Rivers and Appleton on the books for games. All of these schools are out of the Tigers class, but the Electric City boys evildoers are encouraged by last year's fine record, which included a near-triumph over their old enemy, Appleton. The Orange and Black squad squeezed out a hard win and with "Beat Appleton" as a battle cry, the Smithmen have fond hopes of turning the tables this year. Not only will it be a case of team against team, but also coach against coach. Smith, Midwest center at Lawrence a few years ago, has met McAlliff, new Appleton coach, and a Midwest quarterback from Beloit in several real battles. Now Mack and Tiger will resume the old feud in a coaching duel and either would like nothing better than to hand his old enemy crew a nice drubbing.

THE SCHEDULE
With the New London game at Kaukauna, scheduled for Sept. 26 cancelled by the Edison crew, negotiations are underway for an opening game with several other schools. The remainder of the schedule follows:
Oct. 3—East De Pere at Kaukauna;
Oct. 10—Menasha at Menasha;
Oct. 17—West Green Bay at Kaukauna;
Oct. 24—Neenah at Kaukauna;
Oct. 31—Two Rivers at Kaukauna;
Nov. 7—APPLETON at Appleton.

BUCS ONLY TEAM TO PLAY PENNANT BALL

Pittsburg — Pittsburg is the only pennant-contending team that has been playing anything like championship ball of late.

The others, Washington, Athletics, Giants, and even the Reds, have been going only so-so. The first two named have encountered plenty of opposition in the west, the Athletics especially.

The Giants and Reds have been sticking close to the "fifty-fifty" mark. But the Pirates, with the world series money in sight, so to speak, have been crashing through opponents in reckless fashion.

EHMKE IS LOSER IN MANY CLOSE GAMES

Howard Ehmke of the Red Sox has dropped many tough tilts this season simply because his team could do but little on the attack. The other day he held the Yankees to four safeties but lost. His mates got but one run for him, the Yanks copping, 2-1.

PIRATES IN BIG LEAD DOWN STRETCH

Going into the last month of the chase, the Pirates had a lead on 7½ games on the Giants. They showed four victories more than their rivals and 11 less defeats. They also had seven more games to play than the McGrawites.

more victories to their credit and two less defeats than their rivals. The Athletics, however, had three more tilts to play than Washington

OSHKOSH LAD FAILS IN WINNEBAGO SWIM

Oshkosh—(P)—Wild, white-capped waves from the northeast forced Roy Thomas, local boy who was employed as a life guard at southern beaches last winter to forsake his attempted twelve mile swim across Lake Winnebago after he had gone two miles Tuesday from Calumet Harbor, on the east shore toward Oshkosh.

The "boulder waves" had no mercy on the young man, the wind increased and rain began to fall. An open launch accompanied the swimmer and that developed engine trouble so that it was an unlucky day all around for Thomas. He declared he would try it again later this week, however.

SOUTH SIDE CREW COPS BALL GAMES FROM GUARDSMEN

Fourth Ward Tigers Challenge Any Ball Team in Appleton to Game for City Title

Slugging out hard drives off two enemy hurlers for enough safe hits to win three ordinary ball games, the Fourth Ward Tiger ball club took both ends of a double header with the Co. D squad Sunday and Labor Day, 14-11 and 8-0. Sunday's game was a slugging battle out of the grounds and wet ball, but on Monday the South siders showed decided superiority over the Guardsmen.

Currier, hurling for Co. D and Bloch, crack Fourth ward twirler, were both touched safely 17 times in the Sunday tilt, but Bloch also fanned 11 opposing batsmen. Five of the Co. D boys went for two-baggers.

Batteries for the game were Co. D—Currie and Fischer; Tigers—Bloch and Vanderlinden.

BOYLE HITTING STAR
Labor day the Tigers came back stronger than ever and drove Currie from the mound in two innings, after which they took picks on L. Christian, who relieved him. Herb started the fireworks with a single to center field and Barfell followed with a home run, which was one of the longest drives ever made on the Fourth ward diamond. Hans Boyle also had his batting eye in working order, getting four hits, including a hefty triple, in five trips to the plate. George Vanderlinden, another crack Tiger hurler, blanked the Guardsmen and held them to 8 scattered blows. Batteries for Monday's game were Currie, L. Christian and Fischer for Co. D, and Vanderlinden and Green for the Tigers. Clarence Currie umpired the battles.

CLAIMS CITY TITLE
The Tigers lineup as follows:
Herb, ss; Barfell, 3b; Green, c; Hans Boyle, 1b; Becker, lf; Schuester, rf; Guilfoyle, 2b; Beason, cf; Vanderlinden and Bloch, p; Vandy, ss; Herman Boyle, manager.

This crew challenges any team in the city, barring none, to a game for the city championship, which it now claims. Any team desiring to accept the challenge should phone call Herman Boyle at 1842 or 2328.

Texas. He will fight at Dallas, September 22, and San Antonio a week later.

BRAVES' NEW RECRUIT HAS BIG DAY AT BAT

Outfielder Wilson, recently recalled by the Braves from Worcester, had a gala day with the bat in a game against the Cubs a while back. In four trips to the plate the youngster slashed out as many safeties, one being good for a triple. He also scored two runs and fielded his position perfectly.

Second Straight Win Over Senators Rekindle Hopes Of Connie's Ball Squad

Macks Encouraged by Wins After Long Loss Streak, but Have Only Slight Chance at Flag

New York—(P)—Two successive victories over the world's champion Senators have rekindled pennant hopes in the Philadelphia American League camp. The hopes are based on slight mathematical changes, however.

LOSING STREAK OVER
Although they are still trailing by seven games, the Athletics have pulled an even break out of the series with the Senators and their lethargy, which extended through 12 losing straight games, is ended.

The Macks came out of a free hitting game Wednesday on the long end of a 9 to 7 score, totalling 15 safeties of three Washington hurlers.

In the only other American League game, the Yankees bowed before the Red Sox, 5 to 4. Flagstad's double with two out in the ninth scored Rosenthal with the winning run.

Babe Ruth hung up a pair of doubles and two singles in four times at bat and drove in three of the New York Runs.

Mark Koenig, recruit from the St. Paul club of the American association has established himself at short with the Yankees, replacing "Pee Wee" Wanninger.

BUCS LEAD REDUCED
Pittsburg dropped the final game of a series to the Cubs, 3 to 7, after an 11-inning fray.

The setback reduced the lead of the Pirates over the Giants to seven and one-half games. Other clubs in the National League were not scheduled.

TRUTH IN ADVERTISING

We believe we can safely quote the slogan of the ASSOCIATED ADVERTISING CLUBS OF THE WORLD in applying it to our used car advertising.

We aim, in fact we make it a point to see that the purchaser gets 100 cents for every dollar he invests.

The ever increasing demand for the popular Chevrolet models, and the great number of "trade-ins" on sales, leaves us with a good supply of used cars on hand at all times. It is more important for us to move the cars quickly at low prices than to hold for higher prices because we ALWAYS NEED THE ROOM.

You are therefore assured of BARGAINS! BARGAINS! ALL THE TIME AT THE FOX RIVER CHEVROLET CO.

The following is only a general summary of the many bargains we have on hand now. They will go quickly at the prices we have them marked at. We make it comparatively easy to own and operate a pleasure car for our terms are very reasonable.

If you can not visit our used car show room or lot, a phone call will bring a demonstration.

DEFEAT MADISON RING, WILCOX TELLS VOTERS

world court, with proper reservations as the means best calculated to minimize the possibility of war," he said. War should so far as it is humanly possible, be outlawed forever, avoiding, however, involvement in the League of Nations and making wholly adequate provision for the national defense.

WORLD CHANGING

"In the stone age disputes were settled by brute strength, the strongest surviving, of course. As civilization advanced, people learned to settle their differences in courts. Nations should adopt the same policy and settle their disputes in world court. We do not want another war and any plan tending to minimize war should receive the support of all peace loving people."

Although he favors United States entering in the world court, he is opposed to any drastic reduction in national defense. America, he holds, should be properly armed at all times to protect herself in time of emergency when no other means of settlement is possible, but she should be righteous and broadminded and help keep peace in the world.

"Debt of allied countries to the United States should be considered solemn, binding and sacred," the speaker continued. "The full amount should be paid back together with a reasonable rate of interest, but the countries should be allowed to pay at such a time as not to destroy their plans for rehabilitation. This country borrowed millions of dollars from her own citizens during the war and is paying it all back, holding the debt sacred and binding. Much of this money was in loan loaned to the allies, who should consider their obligations from the same standpoint as America has."

DEFENSE COUNTS

He then directed his talk to the attack made by the third party last year on the courts and constitution of the country, stating that although the aim to give congress power to override decisions of the supreme court was not contained in the platform of that party's candidate this year, the candidate still believed in it.

Giving congress this power would endanger the rights and liberties of the people and which he warned. The constitution is the supreme law of the land and the courts, not congress, are better fitted to decide upon the constitutionality of laws.

"There is a mistaken idea that courts nullify laws," stated Mr. Wilcox. "This is wrong. Courts do not nullify laws; on the contrary, they decide the constitutionality of proposed laws and refuse to allow the existence of laws which interfere with the personal liberties of the people as provided for in the constitution."

HELPING THE FARMER

He declared the greatest problem the farmer is facing at the present time is that of marketing his products in an efficient and cooperative manner. With the exception of passing laws enabling the farmer to act cooperatively, little can be done for them, despite the promises of many politicians to the contrary.

"The farmer is working out his own salvation in his own way," he said. "Several good crops and honest toil will do more for the farmers than all the political propaganda ever peddled about the country."

To show that he understood and was working for labor, Mr. Wilcox mentioned the bills which he had either introduced or supported and voted for while a member of the Wisconsin State senate.

Some of these were:

A bill to create a basic eight hour day for wage workers.

A bill to stabilize labor and building conditions.

A bill favorably amending the workman's compensation act.

A bill providing for one day's rest in five.

A bill providing for farm labor employment agencies.

A bill limiting the use of injunctions in labor disputes.

RENEWS OLD FIGHT

Returning to state issues, with particular reference to the Madison ring, he said:

"The greatest issue in this campaign is the continuance of the fight begun in 1920 to prevent the Madison ring and now to bring about the complete destruction of the Madison ring, with its attendant evils of bureaucratic government by a self-appointed group of office holders living upon the crushing taxation which they impose upon the people. The state must be freed from this self perpetuating oligarchy, Wisconsin's greatest interest in the fight at present lies in the hands of the Madison ring."

WONDERS PAYS COURT FOR BLACKENING EYES

Two black eyes dealt to Henry Morack, town of Ellington Sept. 5 cost the dealer, Tony Wonders, proprietor of a dance hall in Stephenville, \$1 each. Wonders appeared in municipal court Wednesday afternoon on a charge of assaulting Morack, and paid a fine of \$2 and costs amounting to \$5.20. Wonders and Morack got into an argument which steadily grew hotter as it progressed and was climaxed when Wonders let his fists fly and hung a chin on Morack.

COOLIDGES BACK HOME, FIND IT HOT AS EVER

Washington (AP)—President Coolidge returned to the white house Thursday after a summer's outing in New England.

The president's train reached Washington at 1:15 after an overnight run from Salem, Mass., and found the capital sweltering under the unbroken spell of mid-summer.

A line of official motor cars was waiting at the Union station to drive the president and his wife immediately to the executive mansion.

There Mr. Coolidge turned to the accumulation of national problems which is promising him a crowded fall and winter, while the first lady inspected improvements effected by painters, plasterers and interior decorators during the eleven weeks the White House has been tenanted.

DUB FREIGHT RATE CASE BABY LEFT ON DOORSTEP

Chicago (AP)—The railroad rate burden was termed a "baby on the doorstep" by both Chairman Clyde B. Atchison, of the interstate commerce commission and W. H. Bremner, rector for the Minneapolis and St. Louis railway Thursday.

Chairman Atchison charged that the roads had left the "baby on the commission's doorstep," and Mr. Bremner replied that previously the commission had deposited it on the step of the railroads.

Mr. Bremner testifying Thursday in the hearing on the western carriers petition for a 5 per cent freight advance asserted that without heavy freight rate reductions, ordered by the commission since 1920, his road would not now be in receivership. He added that security holders of the road were virtually devoting their investment to public service without any compensation.

725 STUDENTS ENROLLED IN SENIOR H. S.

Expect Total Registration of
775—No Report on Junior
Schools

With students still enrolling every hour at Appleton high school, a total of 725 boys and girls were registered by Wednesday morning. Several more students enrolled Wednesday, and school authorities expect a total enrollment of about 775. Classes were started Wednesday morning including the usual assembly period and the class work is well underway. Lockers and keys were given out during the day. A \$1 deposit is required on all keys, to be returned at the end of the year if the key is returned. A loss of a key means the forfeiture of the fee.

No enrollment figures have been reported as yet from the three junior high schools as the principals have no assignments and must do the entire work of getting the classes started themselves.

Though the repairs on McKinley school are not yet completed arrangements were made so that classes can meet, though the students are working under quite a handicap.

Students of the parochial schools are going to the junior high schools for part of their work, according to E. J. Bohan, superintendent of schools. Students of the Sacred Heart school under the Rev. F. L. Buessman are attending the McKinley school for this work and students of St. Joseph and St. Mary schools are getting some work at the Wilson school.

Enlightens Rotarians Con-
cerning Plans Here

Prof. O. P. Fairfield, president of Appleton park commission, addressed the Rotary club at its weekly luncheon Tuesday noon at Hotel Northern concerning the city's park program. He was introduced by James A. Wood, secretary of the commission, who acted as chairman of the meeting.

Appleton now has approximately 150 acres of public parks. Prof. Fairfield told his hearers. He mentioned efforts the park commission had made to secure very much needed financing in order to improve the parks and described some of the plans in mind for Forest park and some of the other recreation spots.

City planning as applied to Appleton also was mentioned by the speaker. He told some of the things the plan is accomplishing and some of the aspirations which it sets forth for this city.

Guests introduced at the luncheon were Arthur C. Hansen, New York, and Floyd A. Brungolf, Chicago.

SEND VOLLEYBALL TEAM TO "Y" CONVENTION

Appleton will be represented by a team of volleyball players at the state convention of the Y. M. C. A. at Green-Bay Friday and Saturday, according to A. P. Jensen, physical director of the local association. The team is scheduled to go into action on Saturday night as a part of the demonstration of state Y. M. C. A. gymnasium work.

The local squad probably will be composed of members of the team that topped second honors in the state "Y" tourney held here last spring, Mr. Jensen said.

BEGIN PAVING ON STATE TRUNK 76

Mile of Concrete to Be Installed
Between Shiocton and
Bear Creek

Work was started Tuesday on a one mile county paving project on highway 76, between the villages of Shiocton and Bear Creek. This work is the principal highway paving job by the county this year, as the other projects in Black Creek, Seymour and Kaukauna are on state trunk highways were state aid jobs. Only about four miles of paving work was undertaken by the Outagamie county highway commission this year. Tate, Nord, and Tate of Bear Creek are doing the paving work on highway 76.

The main street of Black Creek over which highway 47 passes, and Draper-st in Kaukauna, over which highway 15 is routed, have been paved during the summer and were officially opened for traffic Tuesday, according to the county highway commission.

GUN CLUB MEETS TO ELECT ITS OFFICERS

Officers for the ensuing year will be elected at the annual meeting of Appleton Angling and Shooting club, at the Conway hotel on Monday evening, Sept. 14. Plans for the year, including a discussion of leasing the shooting grounds for another year, will take up part of the evening.

Gets Flowing Well
A flowing well, only 42 feet deep, was drilled on the farm owned by Louis Holl, town of Greenville, last week. According to Jacob Koms, well driller, flowing wells are rare in this part of the county and a fountain only 42 feet deep is an oddity. The well flows a 1-inch stream.

FIRST CLASS SAFE BLOWER NEEDED AT P. O.

Wednesday was an off day at the postoffice. Nothing seemed to go right and everything seemed wrong. Even the vault, wherein reposed about \$2,000 and all the money order blanks, refused to open.

Persons applying for money orders were politely informed it would be impossible to accommodate them until later in the day. The reason? Well, the blanks had been misplaced. And of course, because the blanks were not forthcoming, the demand for money orders was greater than usual.

When employees reported for work early Wednesday morning, the day seemed just like any ordinary day but things soon began to happen. In the first place, the safe refused to give up its contents. The combination worked all right but one of the bolts in the door had evidently slipped several inches when it was closed Tuesday evening and the door was locked securely.

With the day started in such a manner, disagreeable events soon happened one after the other and before an hour had elapsed, the day was ruined.

After Others Fail Don't Give Up!

HE who hesitates is lost — an old saying, but true, and it has kept many people invalids all their lives. If they had taken their case in its infancy and treated it as if they meant business, they would have averted that operation, its after effects, and the large fee of the surgeon. Not only in health, but the man who has always stayed in the hole and dared not venture out has never made a fortune. The step must be taken if you accomplish good health or wealth.

If you have Rheumatism, Lumbago, Piles, Gout, Appendicitis, Gallstones, Stomach, Bowel, Skin Trouble, as Eczema, Pimples, Black Heads and Psoriasis, Kidney, Bladder, burning and frequent, Liver, Indigestion, Flatulence, Sour Eruptions, Heart Burn, Constipation, Catarrhal conditions of the bowels, Nervous Headache, all in feeling, cannot sleep, Chronic, Blood and Female Troubles.
